BOX TEAMS (COED AND JR. NLL)

Team Sask Program

The Team Sask Program is Saskatchewan Lacrosse Association's High Performance/Elite level Lacrosse teams. Team Sask represents Saskatchewan Lacrosse Association and all its Members at the Lacrosse Canada National Championships in all sectors of Lacrosse. The Team Sask Program also houses the Jr. Rush program which represents Saskatchewan at the Jr. NLL Tournament.

The Team Sask Program provides an opportunity for Lacrosse players across Saskatchewan to play elite Lacrosse against other Lacrosse players across the country to further develop their skills and receive exposure for future opportunities. We have seen numerous Male and Female athletes from the Team Sask program receive educational opportunities from being seen at Nationals.

The SLA Executive Director is the SLA Staff Rep and acts as a General Manager/Coordinator of the Program. Their main responsibility is the Operations of the program and works with the Managers and Coaches on Operations of the Team.

The Coaching Sector Chair provides technical support to Coaches.

Roles (Team Personnel)

The Coaches and Managers are responsible for players during all team travel, training, and competition. Players will stay with their team during all team competition. Every precaution is taken to ensure player's safety and wellbeing. Specifically:

- Coaches are responsible for Team selection and ensuring the players are ready physically, mentally and emotionally to play at a National level.
- Managers are responsible for the overall organization of the Team, especially off the floor, working with the Head Coaches to create itinerary's and ensure the players have what they need.

Snack parents are responsible to work with the Manager to plan team snacks and meals during Team travel (Nationals & Exhibition Games).

Nutrition and hydration is crucial for the athletes success, so the snack parents are focused on ensuring the athletes are getting what they need to stay healthy and fueled for the high activity they experience.

There will be team trainers that will help take care of the athletes during competition. Sometimes this will be a volunteer with the proper credentials, and sometimes it will be a paid trainer, depending on the competition. **Trainers will always have the final say on whether an injured player is approved to play.**

Team Sask Program Rules

- All Coaches, Managers, Trainers, Snack Parents, SLA Staff or Board (anyone who stays with the Team) are required to pass a Criminal Record Check, including Vulnerable Sector Check. The checks can not be older than three years
- All Team Personnel, Players, and Parents will have Code of Conduct forms to sign and must abide by at all times.
- Drinking is prohibited for Team Personnel/Athletes when they are at team events. Any Team Personnel/athletes caught drinking will be immediately suspended and sent home on their own dollar.
- Parents are **NOT** allowed to stay at the same facilities as the players. There is NO exception to this and players will be sent home if parents are not willing to abide by this rule. Parents are also not permitted to go into players hotel/dorm rooms to ensure privacy for all players staying in that room. Separate hotel blocks will be set up for parents to ensure no accidental double booking. This does not abide to the Jr. NLL tournament.

Team Sask Program Rules

- Parents are not permitted to remove their player from the Team at anytime during Nationals, unless in case of injury, illness, or family emergency, at which time parents will have a form to fill out and give to their manager. This is to ensure no disruption to the teams, but also for liability and insurance purposes.
- If parents have a concern, the 24 hour rule must be applied. After then, parents are to speak with the Manager first regarding the concern, and then the Manager will determine if the concern needs to go to the Coach or SLA Executive Director. If it is determined that the concern goes to the Coach, parents will need to set up a time to chat with the Coach outside of practice or team events. During practice and team events Coaches are on the floor focusing on the athletes.
- Talent ID camps are closed to spectators, including parents. Parents are welcome to watch Team Practices; however Coaches/SLA reps have the right to close practices if needed.
