

**Jonathan Reynolds**  
**Scarborough Sharks Midget**  
**2021-2022**

**Philosophy:**

Jonathan Reynolds is devoted to providing the girls with a program that goes beyond basic x's and o's, to help players understand the game at a higher level. Jonathan plans to build a positive team oriented culture supported by a line-up of dedicated young women. His goal is to help each individual player reach their potential on and off the ice through team building, professional skills training, self-reflection, improvement and encouragement.

**Experience:**

Jonathan has coaching experience in the OMHA (Ops Flames A, Atom – Bantam) and GTHL (West Hill Golden Hawks AA, Minor Bantam – Major Midget) before joining the Sharks organization. He was also a goaltender in the GTHL, OMHA and OHA while currently continuing to enjoy the game today.

**Program:**

The team will be provided with in-depth strategic plays, developed for both defensive and offensive positioning in all zones, with special coaching for goalies. During pre-season development players will walk through different game plans, take part in condition training to keep them in shape on the ice, and develop a strong team culture. On ice camp will review and rehearse game plans, make adjustments if needed, then build on the fundamentals as the season progresses.
