

Logan Purdy
Scarborough Sharks
U-11 Atom AA

I am pleased and happy to be named the U-11 Atom AA Head Coach for this upcoming 2022/23 season, and to be associated with the Sharks Organization. This will be my 4th year coaching with the Sharks after two years involved coaching the Novice program and one year at Atom.

I have been coaching multiple sports including minor hockey for over 16 years. I have a passion for the sport of hockey, and my goal as a coach will be to focus on the importance of development skills such as (striding, turning, stopping, shooting, puck control) and overall motor skills (balance, coordination, agility) translating those skills into high performance.

My job as a coach is to grow the love of this wonderful sport in a fun and safe environment that promotes self- confidence, a sense of commitment and pride within the players, their team and in the club establishing strong friendships that provide the great benefits of being involved in the team sport like Hockey.

I look forward to the upcoming season with lots of learning and success. Please feel free to contact me if you have any questions or require more information regarding the 2022/23 Scarborough Sharks U-11 Atom AA program.
