SPRA UPDATES

September 4, 2021

On September 3, 2021, the Government of Alberta announced that **masking is required in all indoor public spaces** as of 8am today (Saturday, September 4). This additional announcement comes one day after Strathcona County Council approved the Temporary Mandatory Face Coverings Bylaw 53-2021.

As a result, masks must be worn in all indoor common areas of Strathcona County recreation and culture facilities (e.g. Lobbies, Change Rooms, Spectator Areas).

We will continue to monitor for any new information that will provide additional guidance. Please note, that until we receive further clarification, it is our understanding that masks can be removed when actively participating in physical activity/exercise in Strathcona County recreation facilities.

We will continue to share all new information as it becomes available.

Please do your part in helping to keep sport open for our athletes.

- Each team is required to appoint a safety officer who's job it is to ensure that attendance and Covid screening is complete for each participant (athletes and coaches) prior to all team activities. Please send SPRA's safety officers your team contact so that they can be in touch to make sure that the RAMP APP is being used.
