Thank you for volunteering!

Register as a Coach in RAMP

IMPORTANT! Everyone **MUST** register in RAMP. Ensure you have your NCCP # listed, as well as your updated Criminal Record Check loaded in the system as well (need a new CRC every two-years).

Go to the RAMP website and sign in: <https://www.rampregistrations.com/login?v3=6f4119f3cf>

On the left of the screen should be a list of options → Choose REGISTER → Coach/Staff Registration

Coaching ringette is a rewarding experience. During the course of the season, we will add information to this section to help all coaches - new, prospective or veteran!

For information about coaching requirements, please visit Ringette Alberta's Website:

- [Coaching Requirements](#)

For more coaching resources, please visit Ringette Canada's Website:

- [Ringette Canada's Coaches Page](#)

Coaching Clinics

[Coaching Clinic Information and Registration](#)

- Coaching requirements will be relaxed somewhat again this season. While we wish that everyone could complete their training, the lower cap on participants for an online clinic and fewer available instructors makes this impossible.

- This fall, coaching courses will be available online only. Please follow us on social media or watch for emails from your local association coaching director for an announcement once they're open.
- Competition Introduction evaluations will proceed, provided local health guidelines allow for it.
- Visit the coaches' section at ringettealberta.com for instructions relating to course registration, team staff requirements, and status renewal.

For additional information, please contact the [Director of Coach Development](#).

National Coaches' Week!

This takes place **September 18-26** and you can complete certain online courses FREE – including the Coach Initiation in Sport eModule which is required for all coaches, junior coaches, and on-ice assistants. Coaches who need PD points to renew their status(es) are also encouraged to take advantage of these freebies! #ThanksCoach

Youtube

[Ringette Alberta has a YouTube Channel!](#) Great for coaches and athletes to get some ideas and learn some skills, concepts, and strategies, but also for parents/spectators who are new to the game and wondering what's happening on the ice!
