March 13, 2020

Dear Sherwood Park District Soccer Association Membership,

We have now received official notification from Canadian Soccer Association indicating all soccer activities are now cancelled. The SPDSA Board of Directors have been working with staff to plan next steps in terms of assessments.

We understand the disappointment our players and families may feel, as well as, the challenge this uncertainty creates, however, we believe that maintaining the health and safety of those involved is of utmost importance at this time.

Our staff have been diligently working to ensure we are ready to play for this outdoor season. All U9 to U11 players will be assigned a team and we will not hold assessments. As technical staff have been working consistently with these teams, they feel they can balance the teams appropriately. If necessary, we can move players after forming the teams. Not holding these assessments will open up time and space to host tryouts for U12 – U17. We are working on securing alternate times in early April.

We are committed to monitoring the situation closely and carefully and commit to updating our members regularly as we make decisions.

Regards,

Board of Directors
Sherwood Park District Soccer Association
