SKILLS

RESOURCES	Demonstrate the capacity to develop presentations, reports, and specific resources for players and coaches in order to improve their knowledge and skills.
MANAGEMENT	Illustrate the ability to safely lead individuals, teams, and organisations to better levels of performance and targets.
COMMUNICATION	Showcase the ability to communicate clearly to parents, players, staff and key stakeholders within various environments.
COACHING	Able to provide goalkeepers technical, tactical, psycho-social and physical progression through developing and implementing a high-quality coaching program.

COACHING STYLE

- Demonstrate individual personality and style as a coach, working within the Academy Goalkeeping philosophy.
- Able to adapt coaching styles to meet the many challenges presented whilst considering my coaching style should take into account the psychological side of the group and individual goalkeepers.
- Deliver sessions that show the relationship between training and the real game, whilst ensuring that goalkeepers train as they would play in terms of physical intensity and output targets.
- Always give careful consideration of the "Why" in each session. Content delivered and feedback given must be closely monitored when developing academy goalkeepers.
