

Memo

Date: May 12, 2020

To: SPDSA Membership

From: SPDSA Staff

Good morning parents

For those of you that were able to tune into our Facebook Live this past Thursday, we mentioned that we would be starting to introduce Live Technical Sessions, that will be run by our Technical Staff, as well as parent and coach information sessions.

We have put together a calendar that includes both our Community and Phoenix programs and indicates who will be running these sessions and the age groups they are for. You will be able to find the calendar on the SPDSA website under Skills in the Park Home Soccer Program and then Live Technical Sessions. You can also access it at this link: <http://www.spdsa.net/content/calendar-for-live-technical-sessions>

These sessions are only available to those that are currently registered in our 2020 Outdoor Season. As per Alberta Soccer requirements, no one from outside our organization are able to join in for the live sessions, unless you register for the Outdoor Season.

All registered members will be receiving an invite to participate into the sessions. These sessions are optional, and you can choose to join or not. Some sessions will be run via Zoom and others will be run via Microsoft Teams. We recommend that you download both programs ahead of time so that you don't have any problems accessing the sessions. For sessions that will be run via Zoom, they are indicated on the calendar. All others will be run via Microsoft Teams.

The first set of sessions will start this Wednesday May 13th (tomorrow) and are as follows:

8:15am

(Eric/Sarah) 04 Girls (Optional 07 Girls) ZOOM

5:00 pm

(Dhee) U9-U11 Phx Boys

5:00 pm

(Andreas) U11-U12 Phx Girls

6:15pm

(Dhee) U9-U11 Community Boys/Girls

For the balance of the sessions, please visit our website to view the full calendar. You should be starting to get invites from the SPDSA staff in the next day or so and the invites will be sent to the main email that is on your registration profile. If you wish to have your email changed for the session invite to be sent to, please email our office at office@spdsa.net and indicate your child's name and the email address you would like used for the invite.

Please feel free to contact us at time, if you have questions.

Thank you
