

Raffle License Criteria:

If your team is wanting to run a raffle of any sort, other than the 50/50 that we sell during home games, you'll need to obtain a raffle license. In order to have tickets printed, you'll need to get the following information to Bobbi in order to get your license. Once you have your license, you'll get a license number that MUST be on your tickets. Tickets can be printed where you choose (Business Factory locally). For tournaments, each prize you'll be raffling requires its own license (50/50 is one license, toonie stick is another license, raffle table is another license, Frisbee toss is another, and so on) and also requires the monies to remain separated.

Draw date: _____
