**Subject:** 2026 Membership Fee Structure

---

Per By-law 2.3, the Board of Directors is notifying all members about the revised fee structure for the 2026 season.

The changes include:

- a) An average fee increase of 5% across all age groups and classifications to address inflation and other rising costs.
- b) The elimination of the team fee, which is now included in the individual membership fee.

## **2026 MINOR PROGRAM REGISTRATION FEE**

The Board of Directors has removed the team fee for minor teams and replaced it with a proportional increase in individual fees. This adjustment is intended to align the fee structure with the Board's goal of implementing the mandatory use of RAMP by the 2026 season. For example, the previous U15A team fee of \$550 has been replaced with an increase of \$45.83 (\$550 divided by 12 players) to the individual player fee. When combined with the average 5% increase, the new individual fee for U15A players will be \$70. Note that the actual per-player fee increase in this case is only \$1.17
