

## Umpire Clinics Available Online

### [Online Training 03-2020](#)

The health, safety and connection we aspire to carry on with our Softball BC Umpires is very important. Softball BC would like to share with you that we will be accommodating Umpires to continue with your certifications by attending an Online Umpire Clinic!

These clinics are available to all Umpires that have already registered for an upcoming Clinic that have been postponed. Please note some of the Clinics that will be available and are listed below have two different parts meaning two separate online sessions. Also, keep in mind if you have selected the option to have your association pay for your Umpire Fees and have not yet received confirmation to contact your club.

Not only are Online Clinics available for those that have already registered, but for new Umpires that wish to take an Online Clinic as well. If you wish to share this information please guide them to our Website to register online <https://www.softball.bc.ca/umpire/umpire-certification-clinics/>.

For more information please visit: <https://softball.bc.ca/umpire/umpire-certification-clinics/>
