

2024 MANITOBA SUMMER GAMES

Softball Technical Package – **September 7, 2023**

Technical Packages are a critical part of the Manitoba Games. They guide the selection of athletes by prescribing the age and eligibility requirements, assist Host Societies by detailing competition formats and scoring procedures, identify the maximum number of participants permitted, and state minimum requirements for coach/manager certifications.

Technical Packages are developed prior to Games primarily by the Provincial Sport Organization (PSO) following the guidelines and requirements of Sport Manitoba.

If an individual wishes to seek clarification or initiate change to a Technical Package leading up to a Games, the request should first be directed to the PSO. The PSO will evaluate all requests and if it has merit, the request will be submitted to Sport Manitoba for consideration. Changes to age groups, eligibility requirements, team sizes, coaching staff requirements, or event/competition formats will not be considered within 18 months of the Games.
