2. An official must devote time, thought and study to the rules of the game and to the mechanics necessary to carry out enforcement of these rules. They must do so that they may render competent and credible service in a fair and unbiased manner.
3. An official must work with fellow officials and Softball Manitoba in a spirit of harmony and cooperation despite differences of opinion that may arise during debate of points or rules at issue.
4. An official must resist every temptation and outside pressure to use one's position as an official to benefit oneself. Under all circumstances, officials must avoid promoting the particular interest of any person or group of persons other than the athletes we serve.
5. An official must consistently uphold the honour and dignity of the avocation in all personal conduct and relations with the athletes, coaches, administrators, colleagues, and the public, to be a worthy example to the athletes under one's jurisdiction.
6. An official is mentally and physically prepared, dresses according to expectations and maintains an appearance that is befitting the importance of the game and Softball Canada's expectations.
7. The official shall avoid the use of tobacco products, drugs, and alcohol at the contest site.
8. Every member of the officiating profession carries a responsibility to act in a manner becoming a professional person. An officials' conduct influences the perception of the public toward the specific official and on the profession in general.

MENTORSHIP PROGRAM OVERVIEW

MISSION STATEMENT

Bolster the Manitoba Softball Officials Program and enhance the game of softball, by providing direct support and personal guidance to entry-level umpires during their first years on the diamond.

PURPOSE

The Manitoba Softball Officials Program is consistently losing young, entry-level umpires in increasing numbers each year. Many young and inexperienced umpires become disenchanted with the treatment they receive and their position in the game during their first year(s) on the diamond. These young people are provided basic rule interpretation training and some mechanic work at entry-level clinics. A training gap exists until the umpire progresses into championship tournaments years down the road when exposure to the evaluation process and feedback from more experienced umpires begins. The problem is, they are dropping out before making that next step.

When these inexperienced umpires find themselves in situations they are not yet confident in handling; they lose interest. These situations quite often include negative feedback they get from coaches, players, and spectators.

Credibility in any training program requires that the inexperienced are instructed on the correct way to perform their duties. They should then be allowed to perform under the auspices of the experienced, ideally under realistic (game) conditions. Feedback at this stage is critical and should be routinely accessible. Programs developed in this fashion will not only provide a solid foundation for young umpires to build on. When they feel confident, their general skill level and proficiency will increase.

There are also situations where skill development is not necessarily the main issue, and all the young umpire needs is encouragement and support to stay involved.

FEEDBACK

It is important to emphasize that the input required is not to be considered an EVALUATION in any shape or form. A constructive process of **positive reinforcement** and **general guidance** from a MENTOR will provide the entry-level umpire with structure and a foundation on which to build their officiating careers. The feedback process should take place throughout the season, keeping in mind the umpire's age and capabilities. The MENTOR will represent a resource for the young umpire, to contact with questions about the game; rules; and problems that may come up throughout the season. MENTORS could consider making arrangements for young umpires to attend and observe them work a game as well.

THE PROGRAM

Mentors would assist 1-3 entry-level umpires for the season. There is latitude on how you structure your contact. However, the following fundamentals will be agreed to when you sign on:

- **Initial telephone call to make contact, and provide a telephone number to the umpire for resource purposes.**
- **Arrange to attend a game in the very early stages of the young umpire's season, and begin the process of providing positive reinforcement and guidance (NOT an "evaluation").**
- **Attend additional games, and maintain some sort of contact throughout the season, as deemed appropriate by the mentor.**
- **Follow-up contact at the end of the season. Mentor can represent a sounding board for the young umpire, and encourage them to stay involved next year.**
- **Maintain a mentorship log throughout the season, to be forwarded to the COORDINATOR at season end.**

To be a part of the Mentorship Program, please contact:

Al Bruneau, 204-257-5473 (h) or 204-226-1040 (c), 1strikezone@gmail.com

- Officiate at a minimum of one AAA Level Provincial Championship.
- Volunteer at least twice for UDC fundraising events during the 2021 calendar year.

As of 2020, all candidates attending U19 and above Canadian Championships will be completing the WBSC fitness requirements through their respective provinces, before attending the Softball Canada Championship.

Travelling umpires must complete their fitness test by April 30th. Zone UIC's will administer the fitness test at a time determined with each individual umpire.

The UDC will be conducting the testing during the Softball Manitoba U19 Girls' Championship.

Details of the fitness requirement include:

1. Plate Squat Test
 - measures leg strength and endurance.
2. 27 Metre Dash
 - represents the longest distance an umpire in a four-umpire system would have to cover quickly.
3. Agility "T" Test
 - a test of agility that includes forward, lateral and backward running.
4. 1,000 Metre Test
 - measure of general fitness.

Details of the WBSC Softball Umpire Fitness Testing Protocols are at <https://softball.ca/programs/umpires/policy>.

FUNDRAISING

All umpires should support the Umpire Development Committee's fundraising efforts by **volunteering their time**.

The monies raised through these opportunities help to offset the cost of your registration and support umpire development across the province.

There are many fundraising opportunities for all umpires during the year. If you are travelling to a Western or Canadian Championship, you or a representative must volunteer at least twice for UDC fundraising events and complete that obligation by the end of the 2020 calendar year.

Even if you aren't attending a Championship on behalf of Softball Manitoba, you are encouraged to check-off the 'willing to help fundraise' box on your umpire registration form.

Current fundraising options include

- Selling 50/50 tickets at Winnipeg Goldeyes' games listed below,
- Gate shift(s) at the UDC-hosted Championship(s) (currently the Softball Manitoba U10 B Girls' Championship),
- Umpiring a minimum of two games without a fee at U10 B Girls' Championship,
- Selling a minimum of 25 tickets for any UDC sponsored raffle, or
- Helping for a day as a liaison at UDC hosted Western Championship.

The UDC may send notification on other fundraising events during the year.

Contact Mike Klassen for fundraising information.

ACCIDENT AND LIABILITY INSURANCE

Registered umpires of Softball Manitoba are insured through the Liability and Accident Program offered through All Sport Insurance while acting within the scope of your duties.

The general liability coverage is \$5,000,000.00, which pays for your defence as well as any costs found against you.

The sports injury insurance provides coverage for practices, games, and team travel (within Canada). For each separate accident the plan pays:
