6. If a team cannot field a team at game time, both teams will agree on a designated watch as the official time and a default will be declared 5 minutes after the game was scheduled to start.
7. A maximum of 2 players may be picked up to avoid a default. Players are not to be picked up to make a roster of more than 10 players and must be registered with Softball Yukon. Players may be picked up from any division during the regular season.
8. Teams must use all available rostered players prior to picking up a player. Example: If you are short a male but have a female in your sub list, you must add this female to the batting lineup prior to picking up a player that is not on your roster.
9. Teams must start a game with a minimum of 8 players and can add a 9th player at any time, an "Automatic Out" will be enforced for any unfilled spot(s) on the minimum batting lineup of 10 players.

10. A 10th player can be written on the Line-up and if they are not present before their first "At Bat", they will be moved to the Sub List. There will be an "Automatic Out" in the 10th batting position for the remainder of the game.

11. Modified Substitution rule: The SPN substitution rule will apply with the exception that a substitute will be allowed to re-enter the game in any position (male for male, or female for female or male), in the event of an injury to a player.

12. Mercy rule: The SPN mercy rule (12 runs ahead after 4 and a half or 5 innings) will apply.

13. If a player must leave a game due to injury and there is no eligible replacement, they will be replaced with an "Automatic Out".

14. Line-up cards will be used for all league games and league tournaments. Full names of players and substitutions must be listed on the line-up card. Pick up players must be clearly identified on all Line-up cards with an (*) asterisk, and the initials "P/U".

15. A 12" Softball will be used for male batters and an 11" Softball will be used for female batters. Both the home team and the visiting team will supply game balls; 1 of each type, in good condition. A team that hits a ball off the playing surface (fair or foul) will replace the ball. Teams are asked not to mark the balls with pen. Excessive markings will be at the discretion of the umpire.

16. Maximum 7 run limit per inning except for the last inning which will be open. If the 7th run scores while play is still going on, then "time" is called, and that half of the inning is over. If an out of the park home run is hit with players on base that would exceed 7 runs in that inning, only up to the 7th run will be counted.

17. "Catch Up Rule" The trailing team is permitted to score the number of runs they are behind, plus an additional five runs.

18. "Home Run Rule" The Whitehorse Co-Ed League has adopted the Match + 2 rule for all divisions. This means that there is no maximum number of home runs allowed during a game given that a team never exceeds having two more home runs hit than their opponent at any given point. (Example: if a team has 4 home runs, their opponent can have no less than 2 home runs hit and no more than 6 home runs hit). If a home run is hit in excess of this, the batting player that hit the home run will be ruled out and any runners on base will be returned to the base that they occupied at the beginning of the at bat.

19. The Umpire is not required to but may call "Open" or "Last Inning". If asked, the Umpire will confirm if the last inning is in force or provide allotted time remaining. If time runs out, the full inning will be completed if the home team needs to bat. Even if the ump is late the teams should have started the game on time.

20. If the Maintenance Crew determines the fields to be unplayable, all games scheduled on those fields for that night will be cancelled. The decision will be made at 3pm the day of the game.

21. Any team that defaults a game, will be fined \$100.00, unless they communicate to the league (wcs1@softballyukon.com) by noon on the day of their scheduled game. Failure to pay the fine may result in suspension from the league to all players on the offending team's roster.

22. Ramp Interactive will be used to coordinate team and player registration as well as tracking team standings. Teams will be required to submit their final game score through Ramp account by noon the day following the game. If teams are unable to submit scores, teams can send the score to wcs1@softballyukon.com.
