In order to effectively respond to any emergencies, a plan must be prepared in advance and the responsibilities understood by all involved.

Ringette is a fast paced competitive sport and as such it is very physical for the players. In the unfortunate event of an emergency, or if an injury should occur, the following protocols will apply.

- Each team will have a designated team staff member who is responsible for First Aid and Emergency Action for their players.
- It is the responsibility of the Team Staff to maintain current emergency medical information for every player.
- It is the responsibility of the Team Staff to ensure there is a charged cell phone on the bench in case of emergency.

- The first line of response if a player is injured on the ice will be to have the designated team staff assess the player on the ice.
- If the injury is deemed to be more serious than what can be handled by the designated team staff, then an ambulance will be called.
- It is the responsibility of the Team Staff to ensure that Emergency Call information is present on the bench – **Emergency Number 911** in Spruce Grove/Stony Plain/Calahoo, facility name and address (see above).
- In the event that an ambulance is called, it is the responsibility of the Team Staff to ensure that someone is sent to the Main Information Desk at the arena where game is being held to inform the facility staff that an ambulance has been called, and to ensure that someone is sent to the facility entrances to direct the ambulance staff upon arrival.
- In the event of an injury, it is the responsibility of the Team Staff from each participating team to maintain control of the players on their bench.
- It is the responsibility of the Team Staff to contact the Provincial Tournament Director following the emergency incident to ensure that any necessary reports are completed. Provincial Tournament Director is Robin Pedlar (780) 893-8698. You can also contact Provincial Committee member Krista Wood (780) 257-7169 as an alternative.
- Concussions of any degree are a serious concern and all injuries to the head will be treated according to the guidelines established by Ringette Alberta. Your athlete should be encouraged to report any concussion type symptoms to the coaches, especially if they come off the ice unassisted.

G. ON-ICE PROCEDURES FOR PROVINCIAL CHAMPIONSHIPS

1. Period Length

- a. For the U14AA division, periods will be eighteen minutes in length.
- b. For the U16AA and U19AA division, periods will be twenty minutes in length.

2. There will be a three-minute warm-up and a one-minute break between periods.

3. Alternate goalkeepers may be warmed up between periods in the end their team will defend for the second period. They may use one skater and two rings for the purposes of warm-up. There will be no time outs permitted to warm up an alternate goaltender except in the case of an injury to the starting goaltender, in which case the Official Rules of Ringette will be followed.

4. If a misconduct or match penalty is assessed during a game, that person will be ejected from the game. Suspensions resulting from this ejection will be handled by the Protest and Grievance Committee

- a. Players or Team Staff that are ejected may not participate in any other tournament games until their suspension has been fully served.

5. If any team accumulates **more than** 30 minutes in penalties in any one game during the Provincial Championship Tournament, the head coach or acting coach from that game shall be suspended for that team's next game.

6. Game Score

- a. In all cases, the maximum difference (spread), between goals for and against in each game is seven. This is the 'Official Score' and is the most that will be displayed on the score board.
- b. If a team defaults a game, the team is disqualified from competition with the right of appeal to the Protest and Grievance Committee. The 'Official Score', credited to the team which has been given the win, will be recorded as 7-0.
- c. For any forfeited game, the 'Official Score' will be recorded as a 0-7 loss for the penalized team.

H. ON-ICE OVERTIME PROCEDURES FOR 'AA' CHAMPIONSHIP TOURNAMENTS

1. Each game will be played until a winner is declared.
2. If a game is tied after regulation time:
 - a. Sudden victory overtime will be played until the first goal is scored.
 - b. Each overtime period for U14AA will be eighteen-minutes stop time, and for U16AA and U19AA will be twenty-minute stop time.
 - i. The possession of the ring for the opening free pass for the first overtime period will be decided by the referee's toss of a coin. The Home team will call the coin toss.
 - ii. The team winning the toss will get possession of the ring for the free pass and the other team will get choice of end for the first overtime period.
 - c. If more than one overtime period is required, there will be a one-minute break between periods, the opening free pass will alternate between the teams, and the teams will alternate ends.

I. POINTS

1. Points for the games played in the round robin series will be awarded as follows:
 - a. 2 points for a win, regulation or overtime.
 - b. 0 points for a win, regulation or overtime.
2. In semi-final or final games, HOME will be the team:
 - a. With the most points, or, if not decisive
 - b. The team that ranked the highest as per the tie breaking procedures in Section J, or, if not decisive
 - c. The team ranked higher from the Season Ranking.

J. TIEBREAKERS

1. When two or more teams have an equal number of points after the completion of the Round Robin games, the highest of the tied teams will be determined in the following order and considering the “Official Score” of the games.
2. These shall be followed in sequence until the tie is broken (i.e. one team is eliminated from the tie). Once one team is eliminated from the tie, the procedure reverts to (5a).
3. This procedure, in more cases, will declare the team in the HIGHEST position. However, in some cases, the procedure will declare the LOWEST position between tied teams, and the team shall be dropped from the tie breaking procedure. (e.g. the top two teams remain tied). In these cases, the procedure shall revert to (5a) in order to break the tie between those tied teams that remain tied. Therefore, if three or more teams are tied, each step starting at 5a will be applied, once the first step is applied, if a team is determined to be in the HIGHEST position, this team is removed, and the remaining teams revert back to step 5a. If three or more teams are tied, and after applying the step, the highest ranked teams are still tied, but a team is determined to be in the LOWEST position, this team is removed, and all remaining teams revert to step 5a.
4. In all games the maximum difference (spread) between goals for and against in each game is seven goals. This is the “Official Score”.
5. The following procedure will be followed:
 - a. The team with the most games won amongst the tied teams during the round robin will be ranked the highest.
 - b. If still tied, the team having the greatest positive difference between goals for and goals against in all games between the tied teams during the round robin will be ranked the highest.
 - c. If still tied, the team having the least total goals against in games between the tied teams during the round robin will be ranked highest.
 - d. If still tied, the team having the greatest positive difference between goals for and goals against in all games during the round robin will be ranked highest.
 - e. If still tied, the tied team with the least total goals against in all games during the round robin will be ranked the highest.
 - f. If still tied, the team having the fewest penalty minutes in games between the tied teams will be declared the highest position.
 - g. If still tied, the team having the fewest penalty minutes in all round robin games will be declared the highest position.
 - h. If still tied, a coin toss will be used to break the tie.
6. In the event that after round robin play, two or more teams are tied for a position which would entitle fewer than the number of tied teams to participate in any of the championship games, (semi-final, bronze or gold medal games), a (or series of) shortened game(s) called mini-game(s), will be used to determine the team eligible to advance to the championship games. The following rules will apply:

- a. Teams can only be eliminated from championship games through game play. Where two or more teams are tied for a position that would allow one of the teams to proceed to the championship round (semi-finals or medal finals), only those tied teams will proceed to mini game(s).
 - b. The tied teams will be ranked highest to lowest using the tie breaking procedure SECTION J.5.
 - i. If two or more teams are tied for the last position of championship eligibility, ten-minute mini game(s), starting with the two lowest ranked teams, will be played. The loser of the mini game is eliminated from championship game eligibility, while the winner advances to;
 1. If three or more teams are involved, play the next highest ranked team among the tied teams in another mini game.
 2. Or, if all other tied teams have been eliminated in mini-game play (or only two teams were tied for the final position), to the semi-finals or medal games.
 - ii. If three or more teams are tied for the final two positions of championship eligibility, then the team ranked first shall automatically advance and the mini-games procedure (6.b.i) would be applied to determine the second position.
7. In the cases where Alberta is awarded **more than** four berths to either the Western Canadian Ringette Championships (U14AA) or the Canadian Ringette Championships (U16AA & U19AA);
 - a. In an 8-team format:
 - i. For five or six berths, the losers of the 2 vs 3 semi finals will play for either the final position (5 spots) or placing (6 spots).
 - ii. For seven or eight berths, the fourth-place teams in each pool will play a consolation final for either the final position (7 spots) or placing (8 spots)
 - b. In a 9-team format:
 - i. If two teams are tied in points for the final berth position, there will be a full game played as the Wildcard Final.
 - ii. If three or more teams are tied in points for the final berth position, the mini-game procedure (6.b.i) above will be applied until only two teams remain. The final two teams will play in a full game, the Wildcard Final.
8. In the cases where Alberta is awarded **exactly four** berths to either the Western Canadian Ringette Championships (U14AA) or the Canadian Ringette Championships (U16AA & U19AA);
 - a. In an 8-team format, 1st place in each pool, plus the winner of the Quarter Final games (2nd vs 3rd) crossover games, will advance to the Semi-finals and the WCRC's and CRC's.
 - b. In a 9-team format;
 - i. If two teams are tied in POINTS for fourth place following the Round Robin play, there will be a full game played as the Wildcard Final between the two tied teams. Since fourth place will be determined via the Wildcard Final on Sunday, they will not participate in the semi-final game. First place will receive a bye to the Gold Medal, 2nd and 3rd in points will play

in a semi-final. The winner of the semi-final will advance to the Gold Medal game, the loser will receive the bronze medal.

- ii. If three or more teams are tied in POINTS for fourth place, the mini-game procedure (6.b.i) will be applied until only two teams remain. The final two teams will play in a full game, the wild card final. Since this will remove the fourth-place team in the crossovers and finals, first place will receive a bye to the Gold Medal, 2nd and 3rd in points will play in a semi-final. The winner of the semi-final will advance to the Gold Medal game, the loser will receive the bronze medal.
9. Additional scenarios will be outlined at the beginning of the season based on the number of projected teams in the divisions. Following the December 15th Commitment to Attend and the Canadian Ringette Championship Wildcard draw, format regarding last position for CRCs and possible scenarios will be released to Association presidents to review with Coaching Staff.
