

SPS Fuzion Player Evaluation Process

Schedule “B” (PeeWee)

Schedule “B” will consist of the evaluation process using a weighted scoring system that will include 30% of the player’s skills score 35% of their tactical score and 35% of game play score.

Technical evaluations will include timed skating drills. The timing portion of the evaluation gives us an objective evaluation.

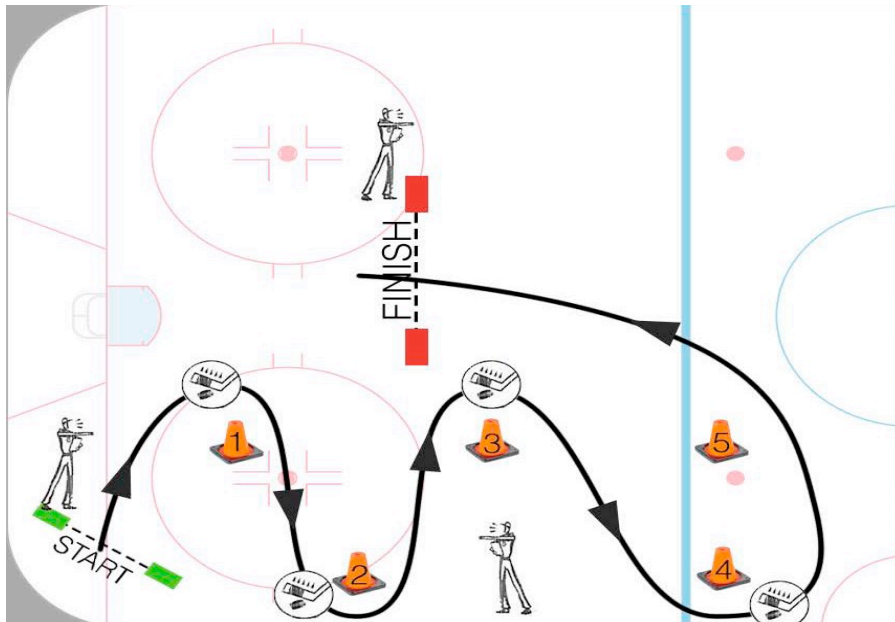

Tactical evaluations will include a series of situational drills that will be evaluated based on individual tactics, team tactics, small area games.

Game evaluations will include the following criteria, hockey IQ, individual tactics, team tactics, team play and their passing and shooting abilities.

Game Evaluation will be based on 5 on 5 full ice positional game play. Players will play the positions best suited to what they have played in the past and they will be evaluated at that position. Evaluators may opt to ask coaches to move players during the period intermission. Players may request the same changes.

The following drills will be used for evaluation of their technical ability:
