

Vice President's Report: 2020/21 Season

- Due to COVID-19 and the restrictions put in place by AHS, a lot of the things that would normally take place during a season did/could not. Our energies were focussed on creating a safe and fun return to play for our coaches and athletes, while navigating the restrictions put in place by AHS, RAB, and RC.
- Tweaked the nomination process for the AGM to show more transparency and accountability to our membership. All of the nominator's names and reason for nominating the nominee were made public.
- Our bylaw committee started discussing our bylaws, as they are very much in need of a rework. Bylaw committee will reconvene after the AGM, allowing for new board members to join, while also allowing for anyone unable to continue to leave.
- Created job description for a potential position of a paid ice scheduler. This would be a non-voting position. Still working out logistics of if this would work in conjunction with the ice allocator role, or replace it fully. Have asked for input from current ice allocator and treasurer to fine tune.
- BGL meetings were not held outside of the pre-season and AGM
