

Coaches/Managers/Trainers

As a component of the concussion program partnership between St. Catharines Minor Baseball Association, Niagara Health & Rehab Centre and Complete Concussion Management, we are pleased to offer you an online concussion training module. This is provided at no charge and upon completion will give you full access to the Complete Concussion Management trainer app. The app streamlines communication between you and our therapists and will help expedite the process when needing to get a player assessed.

The link and "coupon code" for the program are provided below. It is extremely important that someone with training be present at each game.

When you open the link, please select your language version of choice. This will take you to a registration page. Apply the supplied coupon code which should correct the amount owing to zero. Proceed to checkout. Fill out the relevant information.

As you near the completion of the course, there will be a portion where it says you can download the app. Please be sure to continue through to the end of the course. If you do not do this you will not be able to log onto the app.

The course should take roughly 45min and upon completion you will be emailed a certificate. Once you receive the certificate, please forward to Autumn Young.

Here is the link to course
