

Registrar Report 2017-18 Season

Positives:

- Online registration went fairly smooth.
- In person registration night was also a success.
- Communication for reconciling payments with registrar and treasurer was great.
- CAHL information was sent in on time this year.

Negatives:

- CAHL information was on time but because of the tight time lines and Jersey problems we had many changes that had to be made after the deadline which causes extra work on both SMHA and CAHL.
- Coaching qualifications on teams were not met and many coaching changes had to be amended to approve teams.
- January 10th deadline was chaotic with small teams and players being added. Communication on these processes has to be better in the future. Hopefully team sizes will be dealt with accordingly and this problem won't arise again.
