

## TIE BREAKER RULES

Please note in determining the placement of teams within a division the following tie breaker rules apply:

1. Head to Head games between the tied teams.
2. Most Wins during the regular season.
3. Best Goal Differential (goals for less goals against) during the regular season (for each game, only goal differential of up to 7 will be counted).
4. Highest total of goals for during the regular season
5. Mini game (2 x 10 min periods, 3 shooter shootout if still tied, sudden death shootout afterwards)

If there are multiple tied teams, once a team wins during the tie breaker rules, the remaining tied teams start over at the first tie breaker rule until all ties are broken.
