15. SCMBA Recommended Statistical Analysis (Chad): GameChanger or Excel. Is recommended this year and will be required next year for statistics to allow for discussion if concerns are brought up regarding playing time/opportunities.
16. Tryouts (Chad)
  - a. Feedback: Difficulty evaluating so many kids, especially at different skill levels in the older age groups. Need to be more clear it is tryouts and not evaluations for dividing house league teams. Combined AAA/AA allows for need for less evaluators. 15U/18U may benefit from separate AAA and AA tryouts. 11U/13U may still be reasonable to combine. Will need to consider tryouts earlier if separating AAA and AA.
  - b. Suggestions: Exit interviews can be beneficial to give players feedback. Plan for Coaches/Managers End of Season meeting for planning of 2026 season.
17. Relationship with 57s: Fundraising opportunity - Players can sell ticket 10 packs. Every 10 sold will be \$150 for the team. The team that sells the most will win a package to watch a game from the Clubhouse Deck.
