U7 (Mini Tyke) Rules Long Term Athletic Development Program

- 1. Have FUN!
- 2. Introduce skills
- 3. Learn basic rules
- 4. Fair Play
- 5. Physical activity
- 6. Play agility games

Coach Certification: Community Development

Parents: Praise efforts, not results; be positive, praise performance of both teams, do not yell instructions, **volunteer**!

Equipment: Full Equipment - CSA approved helmet and face mask, shoulder pads, arm pads, gloves, kidney protection, mouth guard (optional), Athletic support cup (jock or jill), lacrosse stick. Soft lacrosse balls (or inter- lacrosse balls) will be used for the Mini Tyke program. Volleyball knee pads are optional.

Goal: Introduce the basic skills of the game and provide an enjoyable learning experience which will allow the children the ability to progress into future levels. Teaching basic lacrosse skills will be achieved through a variety of drills and games. Each child will be on the floor for a practice each week for approximately 12 weeks. U7 players are scheduled to play 6-8 games (in Festival format) over the season. The program will consist of the following:

Skills and Drills:

- 1. Ball Pick Up trap and scoop, scoop from a stationary position, scoop while running.
- 2. Cradling stationary, walking, running

3. Loose Ball - Coach throws the ball into the corner of the arena, the players run to pick it up, one player at a time, and one-on-one

4. Throwing - coaches will teach the player how to throw the ball properly, simple passes and shooting.

- 5. Catching simple passes, with emphasis on stopping the ball, trying to catch!
- 6. Shooting stationery and game play shooting at the net

Game Format:

1. A score sheet (provided by the home team, as listed on the schedule) is filled out at the beginning of each game. **No score is recorded or displayed.** There is no score sheet required for practice times.

2. Games will be played with the **soft** pink/blue practice ball, on half floor, 3 on 3 format, with no goalies used. The Goals will be the 3x3 version. No Shot Clock is used.

3. The duration of the game shall be three 15-minute straight time periods, with 3-minute intermissions. Each period starts with a face off.

4. There will be no goaltenders.

5. Play starts with a face off then it is a possession change after each goal.

6. A defensive player may check an opponent by using equal pressure or placing their stick head on the opposing players stick head. There is no body checking.

7. Any offensive playing (including the ball carrier) who deliberately charges directly at a defensive player, may be asked to sit the rest of the shift and another player will take that players place. Or the play is stopped, the coach on the floor explains the infraction to the offender and the opposing team is awarded the ball.

8. The modified (CALL) fall back rule will be used (see below).

9. One coach from each team may be on the floor to instruct players and act as officials.

The CALL Modified U7 - Mini Tyke Fall Back Rule Explained:

• Applies whenever possession is gained by the goalkeeper (by a save or awarded possession after a goal).

• All opposing players must clear out to the neutral zone before they can re-enter the offensive zone.

• If the opposing team fails to clear all players to the neutral zone before reentering, the play will be stopped, and possession will be awarded to the goalkeeper (player closest to net) again.

• The officials/coaches shall ensure that all opposing players are in the neutral zone before restarting play.

• Goalkeeper must PASS the ball to a teammate OUTSIDE the 24' arc (as there are no lines-within reason)

• Rolling the ball to a teammate from the crease is not allowed

• If the pass to a teammate is unsuccessful, the referee shall blow the whistle to stop play and allow the goalkeeper to try again.

U7 Fall Back Modifications are made as there are no designated goalies, no 24' lines, nor lines for neutral zone. But the idea is to get the players used to clearing to the neutral zone once a goalie gains possession of the ball.

CROSS-CHECKING IN THE GAME OF BOX LACROSSE

The cross-check in the game of box lacrosse is a legal play. Rule 40 of the LC Rulebook states: "A legal cross-check shall be defined as a check applied with the portion of the stick held between the hands, on an opponent:

- From the front or side
- Below the shoulders
- Above the waist
- The extension of the arms while the check is being delivered is permissible."

The game of Box Lacrosse allows the cross-checking of players with the ball and without the ball. In U13 and younger, the non-ball carrier can only be cross-checked inside the dotted line. In U15 and older, the non-ball carrier can be cross-checked in the defensive zone.

The purpose of Rule 40 is to provide the guidelines of what is a legal and an illegal cross-check. The game of lacrosse is a physical game and the rules are in place to ensure fairness and player safety.

The cross-check is a skill that is part of playing defense. From a coaching perspective, it is critical that we teach players to play defense first. To know where the ball is, where the opposing player is, and how to prepare to help a teammate. A defender uses the cross-check on the ball carrier to stop the opposing player from getting into the prime scoring areas. A defender uses the cross-check on the non-ball carrier to stop the opposing player for example, if a non-ball carrier cuts through the middle of the floor, the defender can cross-check that player to deter their path towards the net.

The "Clear the House" mentality of playing defense needs to stop! Excessive force on the nonball carrier is illegal and is a penalty. The referee has the discretion on whether a player is defending their zone or using excessive force against an opponent. Players need to use the cross-check as part of their defensive strategy, not in an attempt to hurt or intimidate opposing players.

Coaches can make a significant difference in the game by understanding the purpose of crosschecking, in its function and its implementation in the sport. The game of Box Lacrosse is inherently physical, it is why many people love the sport. The speed and contact make it a great game to play and watch. However, it is important to play the game within the rules, in order for the game to be safe for all participants.

REGULATION 11 - PLAYING IN A HIGHER DIVISION – AFFILIATION

11.01 Players may play a maximum of 6 (six) games per season in a higher division (which includes regular season play, and CALL Championship Tournaments, but not exhibition games) to be reviewed annually. However, a player may play an unlimited number of games in a higher division once his/her team in his/her own division has concluded its regular season, and CALL Championship Tournament. The CALL Executive Committee may make exceptions to this rule provided there is compliance with ALA rules and provided that those players register with a team in their age division. In cases of conflict between the Team in the higher division and the Team in the player's own age division in regard to practices and games, that player shall, unless excused by the coach of the latter team, be required to participate in the latter team's practice or game.

11.02 Teams may affiliate to a maximum of 18 players and 2 goalies. Any affiliate goaltenders must be dressed as goaltenders. Teams may carry a maximum of 2 goalies. ALL affiliates must be drawn from the same club and in a lower division. U9 teams are permitted to affiliate first year U9 players.

11.03 Club teams without a division below may affiliate from another team in their Local Governing Body. Players may not be affiliated if a conflict with their normal team exists. All players' first obligation is to their regular club team. Teams may affiliate from a lower division in another club within CALL, with executive approval prior to each game.

11.04 At no time will an A tiered player be allowed to affiliate to a B or open team within CALL. This includes league play, exhibitions, or playoffs.

11.05 Girls residing in CALL but playing in B Division Girls league (within another LGB) may be affiliated to the same level parity box team in CALL.

11.06 U7 and U9: any coach may request the opposing team to share players in the interest of fair play

11.07 All affiliations must be requested via email from requesting teams head coach to the affiliate teams head coach. Should the affiliates head coach approve the affiliation, they will then reach out to the parents of said affiliate. It is the responsibility of the affiliates head coach to track the number of affiliations and send each request to their clubs designated board member.

Central Alberta Lacrosse League Minor Officials Guide

The referees in the game shall have full control of the game, but the positions filled by the minor officials are extremely important. Thank you for stepping up to work the score clock, fill in the score sheet, run the 30 second shot clock or open the penalty gates...the game wouldn't happen without you! For every game, at least TWO representatives from each team are to be in the time box for the duration of the game (ideally, 5 people should be present), arriving 15 minutes early.

The **home team** will supply one person to work the time clock, as home team should have had instructions on how to work their home clock. The second volunteer will run the home penalty box door and assist where needed.

The **visitor team** will supply one person to fill out the score sheet, as every club manager should have gone through how to properly fill these out during your team meeting. The second visitor volunteer will run the shot clock and with assistance, work the visitor penalty box door. Please be courteous and acknowledge that each volunteer may have questions or concerns prior to the game beginning.

As these positions are considered game officials, it is necessary that they be conducted with a degree of impartiality. Minor officials should refrain from cheering or coaching the teams on the floor.

Minor officials are entitled to the same protection offered the on-floor referees with regard to abuse. If a minor official is abused in any fashion, this abuse shall be reported to a referee on the floor, who may then apply the appropriate rule.

Below are some brief descriptions and explanations to help you out, as a minor official.

Time Outs: Time outs are 60 seconds in duration (run the shot clock twice) and each team is allowed ONE time out per game. The time out is called only by a referee as a request from a player on the floor during a stoppage in play or when his/her team has possession of the ball. The shot clock does not reset after the time out (if the time out was called with 22 seconds left on the shot clock, then it restarts at 22 seconds when play is blown back in). The referee may at any time call a 'referee time out' for their own purposes, i.e. injury, or other issues.

<u>Minor Penalties</u>: when assessed without a coincident major, these are always recorded on the penalty clock and require the removal of the player for 2 minutes or until a goal is scored, whichever is first.

Coincident penalties: penalties of equal duration that start at the same time and are assessed to players on both teams. Both are shown on the clock and play resumes with 4 on 4 play.

Double Minor: The only penalty assessed a double minor (2-2min minors) is Checking from behind (CFB). 4 minutes goes up on the clock, but it is written as two 2-minute minors, on two separate lines of the score sheet. This counts as two penalties of the 5 penalty limit per player.

Major Penalties: When assessed to a single player it is recorded on the penalty clock and requires the removal of the player for 5 minutes. A five minute penalty is never shortened, but if the non-offending team scores <u>two goals</u> on a power play that resulted from a Major penalty, the penalized team may substitute a player from the bench onto the floor, returning the team to full strength, while the penalized player remains in the box until the five minutes have finished, and only returns to the floor at a dead ball.

If less than two goals are scored against the penalized players team during the major penalty, then he/she is able to return to the game immediately once the five minutes is up; no stoppage of play is required.

In all situations where a single player is assessed a minor and major at the same time, the minor is served FIRST. If a goal is scored by the opposing team, the goal shall count first toward the minor penalty. Subsequent goals shall count towards the major as noted above.

Dead Ball: the clock is stopped for a penalty, time out, or a goal is scored. Clock restarts at the referee's whistle.

<u>Misconduct Penalties</u>: these require the removal of the player for 10 minutes and are never displayed on the main score clock. 10 minute misconducts do not begin until after the expiry of any additional penalties. Any additional non-coincidental penalties shall be served by another player.

<u>Game Misconduct</u> penalties require the removal of a player/goalkeeper for the remainder of the game are never displayed on the penalty time clock. Any other penalties incurred by the player shall be served by another player.

<u>Multiple penalties</u>: These are situations when a number of penalties are assessed at the same time. These situations can become quite complicated, however there are a couple of simple rules that can help when sorting them out. A team is always entitled to have at least 3 players plus a goalie on the floor at all times, but a team cannot have more than 2 penalties running at the same time! Penalties for player in addition to the first two penalties must wait for one of the first two to expire before their penalties may begin. (Most, if not all time clocks, are able to "stack" a number of penalties and will automatically start penalties as they expire).

During multiple penalty situations, players may return to the floor only during a dead ball or when enough of these penalties expire such that they are entitled to have more than 3 players on the floor; however, if a team already has 5 players on the floor (not including the goal keeper)than any additional players must remain in the penalty box until the first dead ball after their penalty expires.

<u>Offensive Timekeeper-30 second shot clock (rule 26)</u>: The shot/possession clock operator shall be equipped with a separate timing device and horn to signal the referees whenever a violation f the thirty second rule occurs. The referee will indicate when a shot has been taken by verbally shouting and making a shot signal with their whistle hand (arm extended straight up, revolving the hand). Operating the shot clock requires a great deal of concentration. Mistakes happen but continue to watch for when the next shot or possession change occurs.

Resets: Following a shot on net (the ball striking the goal post or the goalie while he/she is in the crease) the shot clock is reset and is reset again when a team regains possession following the shot. For example, after a shot on goal and a reset, the ball could roll down the entire length of the floor. The 30 second clock would not reset until the ball is picked up. Similarly, following a face off, the shot clock does not begin until a team has control of the ball. The shot clock always restarts at 30 after a shot, possession change or the referees whistle to restart play. EXCEPT for time outs (as described above) or if a ball is lodged in a stick. The play would stop and would restart without a new 30 seconds of play.

Possession is defined as when a team obtains control of the ball and continues from that point even if the ball becomes loose and runs until the other team gains control or time runs out. In order to be deemed in possession of a loose ball, a team must have control of the ball in their stick. It is not considered possession if a team merely bats or kicks the ball. When time runs out the horn will sound, and the referee will stop the play and award possession to the opposing team.

<u>Official Scorer (rule 24)</u>: The score keeper must ensure all penalties, goals, time outs and game information (rosters, start and end time, date, game number) be recorded **NEATLY** on the home supplied score sheet. All penalty abbreviations are listed on the back of each score sheet. The score sheet is the official document required for score keeping as well as for legal purposes, so please be sure to complete it in full.

Official Time Keeper (rule 25): The time keeper shall control the playing time and all penalty times, displaying them on the clock. He/she assists the score keeper with start and end times for penalties as well as when goals are scored. They also must inform players of when penalties are about to expire and when they can leave the penalty box.
