4. POSTPONEMENTS

If it is less than one (1) hour prior to the start of the game the decision will be made at the diamond once both coaches have arrived. Where possible, this decision should be made in sufficient time to inform coaches and umpires. The game will be rescheduled.
- 4.2 Once the umpire has taken the field to start a game, the umpire is the only one who can cancel a game. If this occurs before it is an official game, then the game will be replayed in its entirety.
- 4.3 All games postponed due to weather will be replayed as soon as possible under the following guidelines:
 - 4.3.1 The home team must reschedule the game within seven (7) days of the originally scheduled date, sending notice to both the visiting team and the score reporting email address by that time, or they shall forfeit the game.
 - 4.3.2 The home team will give at least one (1) week notice to the visiting team for the makeup game.
 - 4.3.3 All games postponed during the last two (2) weeks of the season will be declared ties, only where 4.3.1 and 4.3.2 above cannot be adhered to, or if the visiting team agrees to waive 4.3.2.
- 4.4 There is a system of call ups used by each association. This allows coaches to get enough players from the next lower OBA division house league, so their team doesn't have to forfeit as a result of not having enough players. Players called up must become part of the roster for the game and they must be played the same as everyone else during the game. Players must be cleared by their parents (if under the age of 18) to play. If a center does not have a lower house league division team available to pick up from (no team entered in the division or all teams in the division are playing), they will be able to pick up players from any lower Niagara Interlock Baseball house league team.
- 4.5 Games that need to be re-scheduled due to a team playing in a tournament must be re-scheduled, with a date set, one week prior to the originally scheduled date.
- 4.6 Games can ONLY be re-scheduled as in 4.3 (weather) and 4.5 (tournament) above.

5. BATTER

- 5.1 There will be a continuous batting order.
- 5.2 Any player arriving late will be placed at the bottom of the batting order.
- 5.3 Wood bats are allowed providing they conform to the rules of baseball.
- 5.4 The infield fly rule does not apply in **Rookie**.
- 5.5 The on deck batter, batter, base runners and batboy/batgirl must wear a prescribed protective helmet with flaps, covering both ears. This may not be changed except after the inning has been completed, or the player has been retired or has crossed home plate. In **Rookie, Mosquito, and Peewee**, helmet chinstraps are mandatory (unless the presence of a manufacturer installed face guard (C-Flap) prevents the use of the chinstrap) and will be worn as designed by the manufacturer. Senior aged players shall be permitted to wear either single ear or double ear-flapped helmets in Senior OBA play.
- 5.6 **Rookie:** Each batter will receive a maximum of 5 pitches. If the batter does not hit a fair ball within five pitches, he will be declared out. If the batters 5th pitch is hit foul the batter will be able to attempt again until struck out, or the ball is put in play.
- 5.7 **Rookie:** Batters cannot walk or bunt. If the umpire rules that a batter attempted to bunt, the batter will be declared out and the base runners cannot advance
- 5.8 **Rookie:** If a batted ball hits the pitching machine, the ball bucket, or any adult in fair territory, the ball is declared dead and the batter is awarded first base and each base runner will advance one base if forced to advance.
- 5.9 **Rookie:** If a batted ball goes through the pitching circle without touching anything, it is a live ball. The batter and any runners advance at their own risk.

6. RUNNER

- 6.1 Batting helmets be worn by all base runners. Helmets must be worn in compliance with rule 5.5 above.
- 6.2 If the scheduled catcher is on base when the second out is made the catcher will have a courtesy runner to speedup play. The courtesy runner will be the last player called out.
- 6.3 Runners are instructed to slide to avoid making contact with a fielder. Runners who do not slide to avoid contact with any defensive player at home plate or any base, will be called out whether the contact is malicious or not, regardless of the outcome of the play. If the Umpire in his discretion feels that the contact was malicious, the offending player will also be ejected from the game.
- 6.4 The catcher, without the ball in his possession, has no right to block the pathway of the runner attempting to score. The base line belongs to the runner and the catcher should be there only when he is fielding a ball or when he already has the ball in his hand. This will result in an obstruction call, and the runner will score. If contact is made, and the Umpire in his discretion feels that the contact was malicious, the offending player will also be ejected from the game.
- 6.5 **Rookie:**
 - 6.5.1 A runner may not lead off, attempt to steal or steal a base. If a base runner leaves his base before the pitched ball has crossed the plate and the batter hits the ball, the runner shall return to his original base (if the batter is retired) or he must return to an unoccupied base nearest the one he left depending on the advance of the batter. There are no passed balls or wild pitches. A runner cannot advance if the ball goes behind the catcher.
 - 6.5.2 When a fielder makes a direct attempt to throw a ball to any base to make a play, the umpire will call time after the completion of the play, whether the ball is caught or missed. Any overthrow of first base will follow the same as above. All base runners will be placed according to where they were when time was called. They will be sent to where they were going if they are past the half way line otherwise they will be sent back. The placement of the runners will be at the discretion of the umpire. Questioning the umpire's judgment on this will be cause for immediate ejection from the game. Coaches should understand that once the defense has control of the ball in the infield, they should hold their runners.
- 6.6 **Mosquito:**
 - 6.6.1 A runner may not lead off, but may attempt to steal second or third base only, and may not advance home as a result of a continuous play resulting from stealing second or third base. All base runners shall not leave their base until the pitched ball has crossed the plate. If a base runner leaves the base before the pitched ball has crossed the plate he will receive one warning after which he will be called out.
 - 6.6.2 A runner may only score as a result of a HIT BALL, or WALK. The runner is not entitled to score on any stealing play.
- 6.7 **Peewee:**
 - 6.7.1 A runner may lead off on first and second base, and attempt to steal second or third base only. A runner may advance home as a result of a continuous play resulting from a steal attempt.
 - 6.7.2 Any runner attempting to steal home may only leave third base once the pitched ball has crossed the plate. A player leaving early will be given one warning; a second time leaving early will result in the player being called out.
 - 6.7.3 Any defensive player making a fake play (i.e. tag) at a bag or base with no ball will result in an ejection.

6.8 **Bantam:**

- 6.8.1 A runner may lead off and attempt to steal on all bases.
- 6.8.2 Any defensive player making a fake play (i.e. tag) at a bag or base with no ball will result in an ejection.

6.9 **Midget:**

- 6.9.2 Any defensive player making a fake play (i.e. tag) at a bag or base with no ball will result in an ejection.

7.1 Pitchers shall be limited to the following limitations. Any pitcher that pitches more than these limitations will result in the forfeiture of the game for the team with the offending pitcher. It should be noted that if a player is suspended for any reason, the games under suspension do not count as games not pitched under this rule.

- 7.1.1 **Mosquito:** A pitcher shall pitch one (1) inning only if they are a pitcher in one of the first three (3) innings. In the final three (3) innings a pitcher may pitch a maximum of two (2) innings.

- 7.8.2 **Peewee:** In the case of a balk the umpire will call time after the play and explain to the pitcher why a balk would be called. As of July 1st a balk will be called, and one (1) warning will be given to each pitcher.
- 7.8.3 **Bantam:** A balk will be called and enforced.
- 7.8.4 **Midget:** A balk will be called and enforced.

7.9 Mound Visits:

- 7.9.1 **Mosquito:** Mound visits are unlimited unless the umpire feels these visits are being abused or a deliberate attempt to delay the game. In the latter case, the coach is subject to time being added to the game, and/or may be forced to remove the pitcher from the game, and/or may be subject to being ejected from the game.
- 7.9.2 **Peewee:** Mound visits are unlimited unless the umpire feels these visits are being abused or a deliberate attempt to delay the game. In the latter case, the coach is subject to time being added to the game, and/or may be forced to remove the pitcher from the game, and/or may be subject to being ejected from the game.
- 7.9.3 **Bantam:** Mound visits are limited to two trips per inning. The second trip results in immediate removal of the pitcher from the pitching position. The second trip to the mound may not result in removal of the pitcher if it is to check up on an injury of the pitcher and the visit is requested by the pitcher/umpire as opposed to the coach.
- 7.9.4 **Midget:** Mound visits are limited to two trips per inning. The second trip results in immediate removal of the pitcher from the pitching position. The second trip to the mound may not result in removal of the pitcher if it is to check up on an injury of the pitcher and the visit is requested by the pitcher/umpire as opposed to the coach.

7.10 Rookie:

- 7.10.1 The pitcher must stand beside the pitching machine, outside the safety circle and behind the release point of the pitching machine. Lines shall be drawn from the release point to four (4) feet beyond the safety circle. The pitcher must stand on or behind the line until after the ball has been released from the machine.
- 7.10.2 Any player who assumes the pitching position in an inning must wear a regulation helmet with a face shield and the chin strap done up.
- 7.10.3 Only the pitcher may return a live ball to the batting machine operator.
- 7.10.4 The speed of the pitching machine is to be agreed upon before the start of the game. If there is not an agreement, the umpire will make the decision.
- 7.10.5 The speed of the pitching machine cannot be changed until the end of an inning. However, if the machine becomes erratic, then it can be adjusted at any time by the umpire. Anyone caught tampering with the machine will be ejected from the game.
- 7.10.6 Each pitch must be considered hittable by the umpire in order to count as a pitched ball. Questioning an umpire's judgment on this has the same penalty as arguing the strike zone. It is immediate ejection from the game.
- 7.10.7 The umpire will signal the machine operator to start each batter turn by saying "play ball" when everyone is ready.

8. SUBSTITUTIONS

- 8.1 Defensive substitutions are unlimited. Coaches may move players in and out freely.
- 8.2 No player will sit out a second time until every other player has sat out once. This rule then follows, that no player can sit out a third time until every other player has sat out a second time, etc. A pitcher who is going into their second or third inning on the mound is exempt from this rule.
