

April 21, 2023

Dear Community Partner,

Niagara Region is launching the **Niagara Kids Benefit**, a rebrand of the ProKids program formerly administered through the YMCA of Niagara. This benefit continues to support youth up to age 17 who reside in Niagara to participate in sports, recreation and arts programs of their choice. Eligibility for the Niagara Kids Benefit is specific to Ontario Works recipients and is part of broader social investments provided by Niagara Region.

Niagara Region and the YMCA have worked together to ensure a smooth transition with the goal of little disruption for existing families enrolled in the program through the YMCA. The YMCA will continue to process and serve applicants that applied to ProKids up until April 21, 2023. Niagara Region would like to thank the YMCA for their dedication to ProKids and ongoing partnership.

Effective May 1, 2023, families who are interested in applying for the Niagara Kids Benefit will need to apply by:
