

October 2024

Congratulations Twisters, on a fun, exciting and competitive start to the season! Here's what to watch for this October.

Bottle Drive: October 19th. The bottle drive is an annual fundraiser that produces a significant return for our association, supporting the association's growth (ice, equipment needs and coach and player development) and keeping registration fees down. Each Team will be assigned a route in Tillsonburg. They will go door to door collecting bottles and cans, then meet back at a central location to sort and organize the donations. This event is a lot of fun and can be a great early opportunity for team building/bonding. Watch for more info from your coach/manager.

Picture and Swag Day: October 26th  Check RAMP for your team's time slot. Please arrive on time and dressed in all equipment except for skates, neck guard and helmet. TKO Jersey co. will be on site with TRA swag available for purchase, customization and order.

Development: Ringette is dubbed the fastest game on ice! TRA has scheduled complimentary power skating sessions with Mike Cormier this month. Optional, fee for registration, powerskating session will run Friday mornings at 7am beginning Nov 1st. 3 sessions per age group, alternating weeks, for \$40. Mike is known in the hockey and ringette world for his ability to coach players to improve their speed, power and agility on the ice. Watch for the registration package on Tillsonburgringette.com.

Twisters on the road... Good luck to our U12A team as they "Pink The Rink" to support Breast Cancer awareness and research at the London Tournament Nov 1-3. Be sure to follow along at RingetteOntario.ca under Tournaments for schedule and results.

Thank you to our 2024/2025 Gold level sponsors...
