Tillsonburg Ringette Association

Attn: Tim Hurley – President

On behalf of the London Ringette Association and the U16AA London Lynx 2019/2020 team, I would like to thank you for your generosity in hosting our team in an exhibition game against the Dorchester Dragons U16AA team. I understand the amount of work, cost, and volunteer commitment that is required to organize and host a game of this caliber and we, as a team, are very appreciative of this opportunity.

I do hope that your Come Try Ringette events are successful and with the number of fans in attendance at the game, as well as the news coverage, you are successful in achieving an increase in the participation in the sport of ringette in Tillsonburg. As a coach at the Provincial Level, I know that the core foundation of ringette skills starts with a solid regional program, and this is where the love of the sport is developed. In my youth, my love for Ringette also began in Tillsonburg. From the age of 9 throughout my youth ringette career, I was a proud member of the Tillsonburg Twisters. I still have my original jersey at home. Tillsonburg is a great community to be a part of and Ringette has a long history, with several high caliber players coming from your program.

I would like to thank you again for allowing us the opportunity to play at your event and for your support in showcasing our talented group of athletes as part of your ramp up to the season!

Sincerely,

Reann Stewart
