

Twin Centre Minor Baseball Emergency Action Plan

1. Identification of Potential Emergencies:

- Player injuries (e.g., sprains, fractures, concussions)
- Severe weather (e.g., lightning, extreme heat, tornado)
- Medical emergencies (e.g., cardiac arrest, allergic reactions)
- Other incidents (e.g., fire, facility damage)

2. Emergency Procedures:

a) Player Injury:

- Coaches and volunteers assess the injury.
- If minor, provide first aid on-site. If serious, call emergency services immediately.
- Administer CPR or first aid as necessary.
- Notify parents/guardians of injured players.
- Complete the Accident/Incident Report Form found at www.tcmb.ca
- Contact info@tcmb.ca to notify the association of the injury.

b) Severe Weather:

- Designated person monitors weather forecasts.
- If lightning or severe weather is detected, evacuate players, coaches, and spectators to a designated safe area (e.g., indoor facility, vehicles).
- Wait until the weather clears before resuming activities.

c) Medical Emergency:

- **Call emergency services (911) immediately.**
- Administer first aid or CPR as necessary.
- Direct responders to the location of the emergency – See **APPENDIX A**
- Notify parents/guardians and league officials.

d) Other Incidents:

- Follow appropriate procedures based on the nature of the incident (e.g., evacuate in case of fire, secure the area in case of facility damage).
- Call emergency services if necessary.
- Contact info@tcmb.ca to notify the association.

3. Designated Responsibilities:

- Coaches: Assess injuries, provide first aid, and communicate with players.
- Team Managers: Assist with communication and coordination.
- Volunteers: Assist with evacuations and provide support as needed.
- Designated Weather Monitor: Monitor weather forecasts and make decisions regarding game cancellations or delays.

4. Communication:

- Ensure all coaches, players, parents/guardians, and volunteers are aware of the emergency action plan.

- Direct parents/guardians, players, and volunteers to www.tcmb.ca for more information about the plan.
- Establish a communication chain to relay information quickly in case of emergencies.

6. First Aid and Medical Supplies:

- Ensure the team's first aid kit and medical supplies are adequate and available.
- Contact info@tcmb.ca to replenish supplies.

7. Weather Monitoring:

- Designate a person responsible for monitoring weather forecasts.
- Implement a system for alerting participants to severe weather conditions and initiating evacuations if necessary.

IN CASE OF EMERGENCY, ACTIVATE EAP PERSONNEL BELOW & CALL 911 IF REQUIRED

1. CHARGE PERSON:

- The CHARGE PERSON is typically the individual in charge of overseeing the overall response to the emergency situation. This person is responsible for coordinating the actions of other responders, making critical decisions, and ensuring that the emergency action plan is implemented effectively.
- Responsibilities may include assessing the severity of the situation, delegating tasks to other responders, communicating with emergency services if necessary, and ensuring the safety of all individuals involved.

2. CONTROL PERSON:

- The CONTROL PERSON is responsible for managing the immediate area where the emergency is occurring. This individual works under the direction of the CHARGE PERSON and focuses on maintaining control of the scene, ensuring the safety of participants, and managing resources effectively.
- Responsibilities may include directing the evacuation of players, coaches, and spectators, securing the area to prevent further harm or injury, and providing assistance to those in need.

3. CALL PERSON:

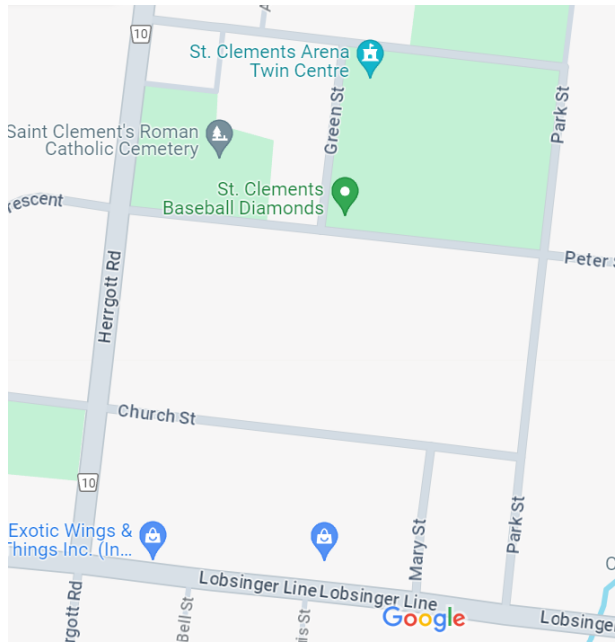

- The CALL PERSON is tasked with contacting emergency services and other relevant parties to request assistance and provide necessary information about the emergency situation. This role is critical for ensuring a prompt response from emergency responders and facilitating communication between the response team and external agencies.
- Responsibilities may include dialing emergency services (such as 911), providing details about the nature and location of the emergency, and relaying any additional information as requested by emergency dispatchers.
