

Late fees are applied to offset the cost related to late registrations.

- Administration - Additional work by Office and Technical staff to manage additional registrations and player placements
- Player Placements - Players are assigned to teams and spots are left open for those players that should have registered but haven't
- League Deadlines - Declaration of how many and which teams the club will be entering into the league, has set dates that need to be respected
- SNS & NSSL Fines - SNS & NSSL fines associated with adding or deleting teams from the league. Latest fines are \$250 per deleted.
- Number of Players Per Team & Balancing - Delays in registration force clubs to anticipate number of teams, number of players per team and sometimes the balance of teams within the same division. Late registrations result in possible low numbers per team, excessive number of players per team and improperly balanced teams within the same division.
- Coach/Manager Assignments - The above contributes to likelihood of a coach or manager shortage.
- Equipment - Gear may be issued to teams based on a certain number of players and then additional gear is needed
- Field Allocation - Fields are assigned based on the teams, additional team members may create a poor training environment on the assigned field.
