U9: 1-1-2-1

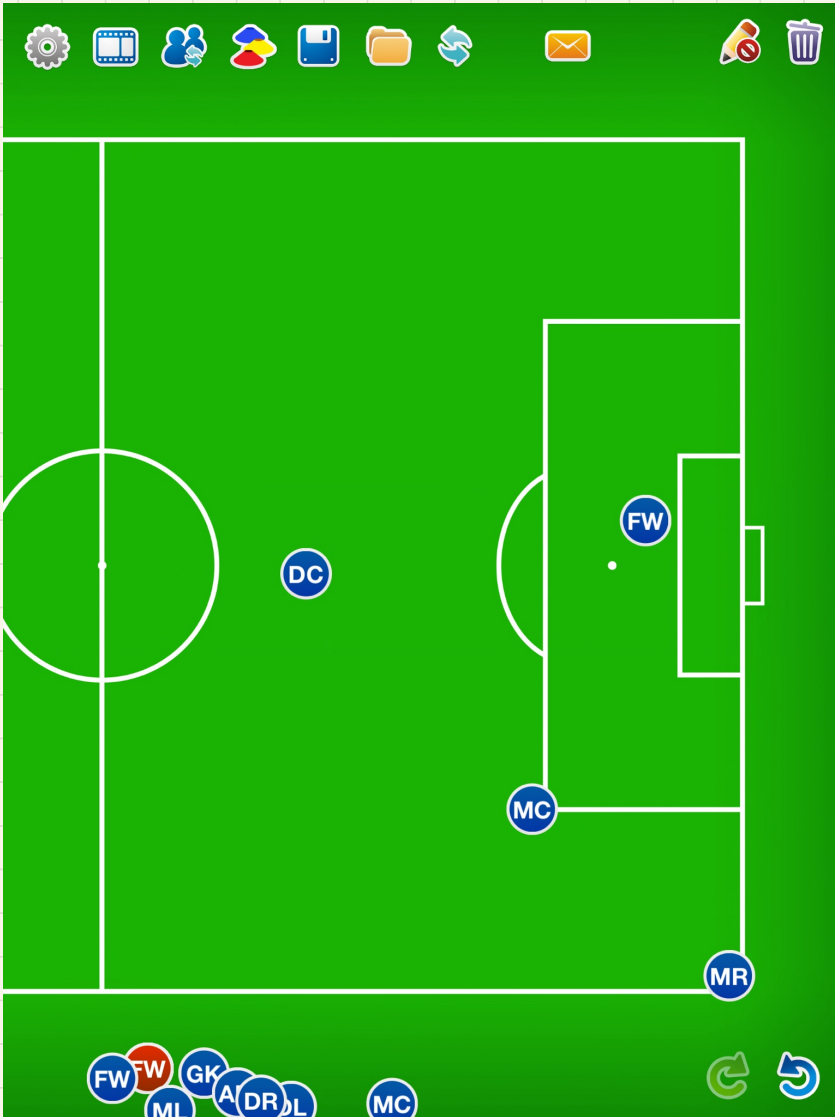

Defensive Organization

Attack Organization

Corner Kick AO

1-1-2-1 Diamond

- Triangles are the most important shape in soccer, and diamonds are better than triangles.
- Swap your player's positions around, and let everyone play the different roles, but always stress that the shape is important. Shape.
- When your team has the ball, teach your players to have a BIG, WIDE shape. When your team doesn't have the ball, teach them to have a small, tight shape.
- Remember, we want the players to get the ball, keep the ball, and score with the ball. If they pass that's super awesome, but the focus is on wanting it, getting it, and keeping it.
