1 Valley Cup Events and Tournaments

1.1 General Policies

The Valley Cup (VC) is an annual event/tournament sanctioned by VSA with the assistance of member organizations as hosts. The purpose of the VC is to give all players registered an opportunity to participant as a team in a fun and exciting event/tournament experience.

- 1.1.1 All VSA teams are encouraged to enter the Valley Cup. In the event a team does not register, eligible players from this team may be released to join another team only with pre-approval from the VSA via a completed release form. Only players registered on a VSA league town team are eligible to play in the VC. Players are only permitted to play on one team of the same age group for the event/tournament. Affiliated players may be used only if they have been registered with the team prior to any registration deadlines.
- 1.1.2 The VC will occur annually in the following classifications:
 - a) Outdoor
 - U7, U9, U11, U13, U15, U18
- 1.1.3 The VSA will determine when the VC event/tournament will be held.
 - a) The VSA shall, at its sole discretion, can determine the use and format of play downs.
 - b) If pools are used as a part of a format, they will be created through random draw except for events that involve more than one team from the same Member Organization, in which case these teams will be separated, if possible.
 - c) Generally, all teams participating will be guaranteed a minimum of three games, unless the number of entries prevents it, or it is otherwise indicated.
- 1.1.4 The VC will be played under the league and age specific rules and policies posted on the VSA website
- 1.1.5 Coaches are responsible for the conduct and supervision of their players both on and off the field during the duration of the event. VSA's zero tolerance toward inappropriate behavior and language will be adhered to. All reports will be dealt with immediately by headquarters and may lead to the offender being suspended or the forfeit of games by the offending team. All such behavior shall be reported to headquarters.
- 1.1.6 Tournament Format and Points:
 - a) VSA will determine all tournament formats (i.e. round robin, play down, bracket, etc.).
 - b) Teams will play a minimum of 3 games unless the number of entries prevents it, or it is otherwise indicated.
 - c) If any teams are required to play 4 games, whereas others play 3 games, the worst plus-minus will be eliminated from their totals.
 - d) If required points are awarded as follows: 3 pts for a win, 1 pt for a tie (+1 for a shoot-out win), 0 pts for a loss. Unless otherwise noted, there will be no tiebreakers in the round robin play.
 - e) If applicable, the top teams (to a max of 4) will advance to the semi-final single knock out round. Please see Appendix 1 with tiebreaker procedural guidelines.
 - f) In a playoff bracket, or if tournament play requires a tie breaker, there will be a 10-minute overtime. This shall be in two 5-minute halves and teams will switch sides. No golden goal or sudden death applies.
 - g) Should a tie still exist after overtime, a shoot-out will occur.

Shoot-out rules:

- Each coach will provide a list of 5 names (round 1), including at least one player of each gender and not including Call up Players (CP), from the team roster who will participate.
 - A coin toss will determine which team chooses to go first and shall continue in order through the list until all 5 players have shot.
- If a tie still occurs, then:
 - Each coach will provide a list of 5 names different from round 1, which again includes at least one player of each gender and not including CP, from the team roster who will participate. CP may be named in the rotation once all other players have been included.
- The best record (most goals scored) after each series/round (i.e. 5 shooters) wins the game.
- If a tie still exists a sudden death round shall occur with one player from each team (1v1 with a new shooter each time). This format shall continue until a winner has been determined.
 - A coin toss at the beginning of the sudden death rounds, will determine which team chooses to go first.

Note:

The shortest roster shall determine the number of shooters in the regular shoot-out rounds. For example, if team A has 16 players and Team B has 18 players the shoot-out list shall be 16 players (2 players from team B would not participate in the shoot-out). Round 1 would have 5 players, round 2 would have 5 new players, round 3 would have 5 new players, and round 4 would have 1 new player, for a total of 16 players. Once the roster has cycled through, the shoot-out will proceed by sudden death shoot-out in rounds of 1 vs. 1, using the same 16 players that participated in the previous shoot out rounds, in any order.
