8 Player Transfer Policies

8.1 Jurisdiction

- 8.1.1 The VSA Player Transfer policy applies to player transfers between one jurisdiction and another, whether provincially or nationally.
- 8.1.2 Players are expected to register with a Regular Member in the town/RM/area where they reside (or home region). Residency is typically determined by the primary address of the player or their parent(s) or guardian(s) and must be clarified upon registration. The onus is on the player to complete a VSA release form and receive approval of a transfer prior to registering with a M.O. in an area other than where they currently reside. In addition, any M.O. that receives a registration request from a player outside its area must verify that the player has received a transfer from a M.O. in the player's home region before accepting the registration. Any false representations of residency will result in discipline by the VSA board and may lead to fines or suspension.

- 8.1.3 Transfer requests:
- a) Within Member Organizations VSA are governed by the policies and procedures of those member organizations except as it pertains to VSA competitions. A Release form must be completed in conjunction with the MO and forwarded to VSA;
 - b) Between Member organizations, movement from one home region to another, is governed by the VSA and the term of this policy;
 - c) Between provincial/territorial associations follow Canadian Soccer Association (CSA) policy and procedures;
 - d) Internationally, follow the FIFA Statutes, Policies and Procedures.
- 8.1.4 The policy of the CSA indicates that “No team, club, District Association or Provincial/Territorial Association shall limit unreasonably the right of an amateur player to transfer”, therefore a denial of a transfer request must be based on a clear rationale and meet a standard of reasonability.
- 8.1.5 Reasonable grounds will be determined on a case-by-case basis. The following list should not be considered exhaustive but outlines areas that may be relevant when determining reasonable grounds:
- a) The player’s desire to play at a level of competition that is not offered in the home region
 - b) The player’s desire to pursue developmental opportunities that are not offered in the home region
 - c) Availability of teams at the appropriate age in the home region
 - d) The player attends school in another region
 - e) A player has been allowed transfer(s) in the past
 - f) Commitment by a M.O. to sustainable opportunities at all ages and competitive levels
 - g) The transfer of the player would cause undue hardship or compromise the viability of a team or the M.O. in the player’s home region

8.2 Policy for In-Province Transfer Requests

- 8.2.1 The VSA is composed of specified geographically-defined areas within which VSA Regular Members have the authority to govern and operate soccer as determined by the conditions of membership approved by the Board of Directors of the VSA.
- 8.2.2 M.O. that have received player transfer requests are reminded of the SSA Strategic Value “Participant Centered – our players ... are at the heart of everything we do” and should act cooperatively and respectfully to address each request in a timely fashion.
- a) M.O. shall communicate VSA transfer policies to their members and in particular with those seeking a transfer. Communication between M.O.s is encouraged when dealing with transfers.
- 8.2.3 When a transfer request has been submitted the M.O. considering the transfer has no right to direct where the athlete will play if the transfer is granted. The destination of the player transfer should have no bearing on the decision.
- 8.2.4 The onus is on the player to complete a VSA release form, available on the VSA website, and receive approval of a transfer prior to registering with a M.O. in an area other than where they currently reside. In addition, any M.O. that receives a registration request from a player outside its area must verify that the player has received a transfer from a M.O. in the player’s home region before accepting the registration.
- a) Players are permitted to try out with another M.O. prior to a transfer being requested, however, they are required to advise both the home region M.O. and the M.O. where they intend to try out.
 - b) Despite local deadlines, players should be aware that all timelines outlined in the Transfer Policy

must still be respected. Players should be aware of local registration and tryout deadlines. Requests for transfers should be made in anticipation of these key dates and players should apply for transfers accordingly to facilitate decision making prior to major deadlines.

8.2.5 All in-province transfers are seasonal and must be completed for each new season.

8.3 Procedure for In-Province Transfer Requests

8.3.1 Should a player wish to pursue registration that is outside of his/her home region, he/she must request a transfer from a M.O. in his/her home region, regardless of whether he/her has been registered with an organization in that area in the past.

8.3.2 Players that require an in-province transfer are:

- a) Those living within another SSA Member Organization area.
- b) Those who were previously registered with another Member Organization in Saskatchewan.

8.3.3 All players seeking transfer must be in Good Standing with their M.O.

8.3.4 A request for a transfer:

- a) Must be made on the VSA Release Form available on the VSA website
- b) Must be sent to the M.O. from which the transfer is being sought
- c) Must be accompanied by payment of any applicable fee
- d) In the application for transfer he/she must specify if the request is:
 - i. Seasonal (Transfer for one season- Indoor or Outdoor)
 - ii. Ongoing seasonal (Player plays indoor in another home region each year)
 - iii. Annual (One year including one Indoor and one Outdoor season based on date of transfer)
 - iv. Permanent
- e) If a seasonal, ongoing seasonal or annual transfer has been granted the member reverts to the original home region at the end of the prescribed period
- f) Once a permanent transfer has been granted the member becomes part of the new home region and would require a transfer to move in the future

8.3.5 Once a request for a transfer has been submitted, registration and payment of fees shall be put on hold until the transfer has been completed. Once a final decision has been made the player will register directly with the organization where he/she will be playing. If registration and fees have been received by the original organization, fees collected should be refunded to the player or forwarded to the new organization on the player's behalf. The player will then have to complete all registration requirements as directed by the new organization.

8.3.6 M.O. must provide a decision in writing within fourteen (14) days of the receipt of the request for a transfer. The response shall include the rationale for the decision and indicate the player's right to request a review of the decision by the VSA Board.

- a) Should it be determined that the M.O. did not meet the 14-day requirement the matter will be determined by the VSA Board who will either rule on the matter.

8.3.7 A player who has been denied a transfer request may request a review of the decision of the M.O. by the VSA Board. This request must be made in writing to the VSA within seven days of the receipt of the decision by the M.O.

8.3.8 The VSA Board shall provide a written decision to all parties within ten days of the receipt of the request

for review. The decision of the VSA Board shall be in place unless overturned on appeal.

- 8.3.9 Either the player or the Member Organization may appeal the ruling of VSA Board according to the Appeals Policy.
- 8.3.10 Appeals of the VSA ruling shall be made to the SSA and shall follow the timelines and policies and procedures of the SSA.
- 8.3.11 If a player is currently registered in one season (E.g. Indoor) such registration has no impact on that player's ability to seek a release for the next season (E.g. Outdoor).
- 8.3.12 It is an offense to induce or attempt to induce a registered player to leave his/her team during a season. This may result in fines, suspensions, or other sanctions to the individual and or team in question. Should a complaint be filed in this regard, it will be dealt with as follows:
