

Vermilion Minor Hockey 2023/2024 Registration

Registration for the upcoming season is now open and will remain open online until June 23rd until 11:59pm.

After this date players who are members of our association AND have previously registered for hockey will be considered late. A \$100 late fee will apply.

You must register online between June 12th and June 23rd.

Player Development

Planning for player and coach development is underway and we are excited to provide Vermilion Minor Hockey players with new and exciting opportunities. A fall pre-season prep camp is in the works and there is on-ice training scheduled throughout the season. Goalies will have on-ice sessions with Net Science, a leader in goalie training. For U7, our youngest and newest players will hit the ice earlier to work on skating foundations. VMH works hard to keep registration fees competitive, we will allocate \$75.00 of the fee increase to offer the requested additional training.
