-Approved by Bryan, 2nd by Erik

Approval of Financial Report- gaming grant approved

-Approved by Erik, 2nd by Bryan

Update from the President:

GVMHA Covid Safety Plan update-continues to be a fluid document that the city guided by the City of Vernon.

As of Nov 16/2020, there will no spectators/parents at games or practices. As per the City's recommendations, players are to come to the arena 15min prior to ice time (lower) half dressed and masked. There have been teams that have lost ice times and/or assessed fines for not following clearly defined Covid safety planning rules. Any questions/concerns about current Covid planning by GVMHA to be directed to GVMHA President. Revised plan to be sent out to membership prior to Nov 16 to ensure membership is aware of the changes.

Jerseys have finally been sorted out for the Atom A & Atom C Development Vipers teams. There is some concern that the logo is a plain white screened logo. Something to take into consideration in the future.

President does not want board members to be using personal emails. Concern that current BOD emails are SHAW and the account will only allow a maximum of 10 addresses. Plan is to keep current Administrator, DHO, and Accountant addresses with possible plan to transition the rest to gmail or Outlook. Current GVHMA board approved switching.

There has been 2 Third jersey requests.

U18 T2-request for all home games in the New Year

U13 T2-general request as it is a traditional souvenir of the Coca-Cola Classic Peeewe Tournament held yearly.

Team representatives to email Administrator with mock-up of proposed jersey for BOD approval.

Update from Development Manager

Social media policy has been distributed to the GVMHA membership.

Update from Administrator

Photo Day is Nov 21. There will be no team photo this year due to Covid safety requirements.

2020-21 Rep Team Sponsor boards will be displayed at Boston Pizza, thanks to owner Sean Matile.

Update/Discussion

Hudl—see email attachment from Gord Sitter on behalf of Peewee T2 Mustangs. A vote by board members was taken to approve Hudl for the 2020-21 minor hockey season. 2/7 voting members approve the expenditure, 5/7 voting members were against the expenditure. It was agreed that the Hudl program was valuable and would be considered for the 2021-2022 season by the DHO.

No other updates noted. No board meeting in December. Meetings to resume in the New Year.

Adjourned: 8:12pm
