

*Greater Vernon Minor Hockey
Association*

*Tournament
Planning & Procedure
Manual*

Introduction

Thank you for choosing to give your time to a Greater Vernon Minor Hockey Association tournament, an “added value” event we choose to put forward for our players. Our players and guests will appreciate the tournament experience if they have competitive games in a fun and exciting atmosphere. Whatever your role, please realize that each step and duty is important, and that the effort of every volunteer is valuable.

The *Tournament Planning and Procedures Manual* were created by GVMHA Tournament Committee, led by Michelle McCrea & Liisa Seltzer, to simplify tournament planning and management of all tournaments. The information presented here is intended to guide volunteers; however, the individual requirements of each tournament will determine what additional or different procedures are needed.

The objective of this manual is to facilitate a consistent and repeatable planning process for all GVMHA tournaments. All stages of tournament planning and management are outlined, from early planning, through implementation, tournament wrap-up and review.

The manual is a valuable guide for both new and returning volunteers. Without volunteers, there would be no tournaments. The goal is to provide our volunteers with the tools, support and guidance they need to create a fantastic event that we can all take pride in. Tournaments that are well-planned and executed are fun for everyone – the players, coaches, parents and volunteers.

This manual is a work in progress. Please continue to use and review it, and submit any suggestions for additions or enhancements to the active GVMHA Tournament Director.

Tournament Director

The Tournament Director is an elected member of the GVMHA Executive and is responsible for the overall coordination of all GVMHA tournaments and related activities. The Tournament Director may appoint a Tournament Committee to support this work. The Tournament Director reports directly to the GVMHA Executive.

Responsibilities:

- Assigns/appoints a tournament chair for each tournament.
- Consults with divisional director(s), when required.
- Ensures tournament committees submit a post-tournament financial statement.
- Prepares and maintains a tournament planning manual (this document).

Tournament Chair

The Tournament Chair is responsible for the overall planning and coordination of the designated tournament. The Tournament Chair reports directly to the GVMHA Tournament Director.

Responsibilities:

- Monitor the Planning Timelines to ensure key milestones are being achieved.
- Recruit committee members for the Tournament Planning Committee.
- Establish a schedule for tournament meetings and chair all meetings of the Tournament Planning Committee.
- **Hold a tournament meeting AT LEAST 2 months prior to your tournament.**
- Assign/delegate specific tasks to committee members and monitor the work of all committee members.
- GVMHA Administrator receives applications from interested teams – work together to choose teams.
- Communicates with interested and registered teams as required.
- Maintains a record of registered teams.
- Prepares team rosters for the tournament program.
- Prepares a team contact list for the tournament including cellphone numbers. Keep that contact list with you at the tournament with all cell phone numbers in case of game or arena change.
- Sends out game schedules to registered teams.
- Develop tournament game schedule once given ice times by GVMHA Administrator.
- GVMHA will provide you with the game times and arenas for your tournament. You may use a template from a previous years' tournament to get you started.
- Schedule the teams as evenly as possible throughout the arenas that you have been allotted.
- Friday night: When scheduling the teams for Friday night be mindful of the teams with the longest distance to travel and schedule them later in the evening. The exception is if a team from out of town is here the evening before (ie: arrives Thursday night for tournament that begins Friday).
- Saturday Morning: Ideally, two travelling teams who would be staying in a hotel would have the first game Saturday morning since they are arguably the closest to the rink. Try to avoid scheduling a visiting team with a long commute for the first game such as Kelowna and West Kelowna. Also, do not schedule the teams who played the latest game on Friday night for the first game on Saturday morning.

- When teams have two games in one day, try to give them a minimum of two hours of rest between the end of their first game and the start of their second game.
- All visiting teams should play a host team at least once. Since Vernon typically has 4 home teams in a 10 team draw this should not be difficult.
- Since there is a small advantage (last ice change) in being the home team, vary this privilege between the Vernon teams and their guests. It is a small thing but attention to detail is important!
- Send game schedule and tournament rules to Referee in Chief (RIC)– Chris Ashburn cashburn@shaw.ca to ensure tournament rules are posted in the referee's room during the tournament. Ensure you have the RIC's phone number if you need to contact them during the tournament.
- Medallions are supplied for 1st and 2nd place teams players from GVMHA Administrator; 18 for each team.
- Assembles information to assist the committee and volunteers to do their jobs efficiently during the tournament
- Coordinate tournament set-up, tear-down and on-site supervision during the tournament.
- Manages all prize draws during the tournament.
- Chair a post-tournament meeting with the Tournament Director and tournament committee to tie up all loose ends. This meeting should be held within two weeks of tournament completion. Discuss what worked, what did not work well and how tournament can be improved for the following year.

Treasurer

The Treasurer is responsible for financial planning and decision-making for each individual tournament. Each tournament should have at least two Treasurers, 1 person from 2 different teams, who implement the money management procedures.

Responsibilities:

- Monitors the budget during tournament planning and alerts the Tournament Chair if any issues arise.
- **If your tournament intends on engaging in 50/50 draws and/or having a raffle table at your tournament you must apply for a CLASS D gaming license and comply with all rules and guidelines. You will need the list of your raffle baskets in order to apply for your license.**
- You will need to pay for the license and keep your receipt to be reimbursed at the end of the tournament
- See if either Treasurer can front the money required for your tournament floats, otherwise ask the Committee members if anyone can front the float money
- Ensure the tournament has a money box and cash float before the start of your tournament; \$200 for a float is recommended for the raffle table; \$50 in \$1 coins; \$50 in \$2 coins and \$100 in \$5 bills.
- Prepare float for 50/50 draws; \$25 should be adequate: \$10 in \$1 coins; \$15 in \$5 bills
- Ensure all receipts (e.g. donations) are received and deposited.
- Ensure all invoices are paid.
- Ensures that all cash/cheques taken in during the tournament is managed professionally.
- During the tournament, ensure the float is available for the first shift each day and that cash is picked up on a regular basis and deposited at the end of each day. The float must be at the raffle table 15 minutes before the start of the first shift in the morning and

must be picked up from the raffle table just prior to the end of the day. Ensure that cash box is never left unattended.

- Always double up when counting cash during the tournament.
- Ensure you have envelopes available to put money in after counted during tournament; both people count the money, put it in the envelope, fasten closed and then both people sign the envelope.
- Prepare tournament financial report following the tournament to be distributed to all the members of your tournament committee and the Tournament Director.
- Bring all cash to tournament wrap-up meeting and equally divide the profits among the teams that hosted the tournament.

Team Tournament Representatives

Each home team (house) in the tournament is responsible for assigning at least 2 parents to be on the tournament committee. Team Representatives are a valuable asset to have as active members of the core committee. They have the perspective of the parents from their team and can provide valuable information to the tournament committee.

Responsibilities:

- Provide information for Team Tournament Committee, including team name, team number, coach name, team rep name, phone and email. This information is used to create a master contact list.
- Attend tournament committee meetings to represent your team and communicate information back to your team.
- Sign-up volunteers from your team for the timekeeper, scorekeeper, music, 50/50 sales and raffle table.
- Participate in collecting items for player goody bags.
- Collect items donated for raffle baskets or purchase required items for team raffle baskets.

Required Duties for Your Tournament

All the required duties needed for a successful tournament are grouped together into “packages” and it is best if each “package” is then chosen by each team and those are their duties to complete prior to the tournament. Teams will usually work on one or more “packages” for their tournament.

1. Tournament Host: Tournament Chair

- Welcome packages/ Coaches Packages for teams should include:
 - Rules

You can contact Lakeside Printing or any other printer that you know of and make sure you provide them with a sample template that you want used. Put the team names on your poster before putting it up on the wall.
- Dressing Room Door; put team names on a piece of paper with tournament logo and have it laminated so team can use them during tournament for their dressing room. It is nice if these Dressing Room signs can be put on the door of the team's change room for their first game and then they take them with them after for the rest of the tournament
- Poster for Jersey draw; this will be required if you are doing a jersey draw

4. Tournament T-shirts, toques or skate towels etc... **Team:**

- Decide if your tournament will be doing any fundraising by selling items that advertise your tournament
- You also need to decide if you will make up any give away gifts for the players ie. Bookmarks, CDs etc...
- Pick a theme name for your tournament ie. "Lord of the Rink Pee Wee Tournament 2010"; Bantam Winter Classic 2013 etc..

- Items can be ordered thru Five Star Awards, Brand Alliance, Hi-Pro Sports or anyone else you know (try to support GVMHA sponsors)
- Confirm the cost for the item and then decide what you will charge players, ie. If printed product costs you \$12 to make you may want to sell for \$20 to make a profit
- Ask how much the art work will cost you and that has to be calculated into your final costs, some may throw the art work in for free if you order so many of the item

- The Tournament Chair will send out the order forms for home & away teams as soon as you receive the logo, and then set a date that ALL orders must be in by

- Every team is responsible for obtaining their own baskets and clear wrap to wrap up their team baskets.
- Decide on what your Program Draw will be and where it will be placed on raffle table
- Decide if you are doing a Special Draw and then where you will place it on the raffle table for best visibility
- You should be making up 3 baskets per team – collect \$20 per player on your team (16 players X \$20=\$320.00) and use that money to purchase items
- You are able to use any Corporate or personal donations for possible Program Draw, Special Draw etc... if we don't get a donation you will need to decide how you will purchase your program draw.
- Approximate value for each basket should be approx. \$100.00
- Decide on receptacles for the tickets for each of your raffle baskets, most often used are colour coordinated gift bags that can be purchased at a dollar store
- Decide on the format for the tags for your raffle baskets, if you have a team logo use that on your gift tag and then list all the items included in the specific raffle basket. Each team should print off their labels and paste them onto coloured construction paper and then we will trim them when setting up the raffle table so they all look alike
