

PROVINCIAL CONVENOR REPORT 2021/2022

2021/22 Season Report

As everyone knows, we had another unusual season with tryouts being held in the fall, a break in the middle, and tournaments only at the end of the season. BUT, overall I believe everyone was happy to be back on the ice in whatever form it took!

Waterloo and Kitchener teamed up for hosting provincial teams again this season with some teams hosted in Waterloo and others hosted in Kitchener. There were players from both associations on most of the teams formed.

Waterloo Team Provincial Results

U19AA-V Silver
U19AA-T Great effort!
U19A Great effort!
U16A Strong finish!
U14A Strong finish!
U12A Great effort!

U19AA-V went on to play very well against some tough teams at Nationals.

This year was also a AAA year and many of our players were involved in AAA teams and tryouts for Team Ontario for the Canada Winter Games.

2022-2023 Season Preparation

We were able to have spring tryouts for U14 and up teams to get us back onto a more usual schedule. Waterloo and Kitchener made combined teams again and Waterloo will be hosting:

U19AA
U16A
U14A

Waterloo is also planning to host a U12A team and tryouts will be held in the fall between August 26 and Sept. 11, with the team being declared by Sept. 14.

Prior to the U12A tryouts, a meeting should be held with U10/U12 parents to explain the transition to U12 and the distinction between U12A (provincial) and U12B (regional) as well as the tryout and coach and player selection processes.

We are hoping that the new season will be a true return to a normal season with all the regular game play and tournaments.

RO has also announced that a new AAA cycle will be starting up in July in preparation for the Ontario Winter games in February 2023.
