Policyholder: Water Polo Canada
Policy No.: 9427602

Why You Need Emergency Out of Province Medical Coverage

Each Canadian Province and Territory provides a Health Plan with comprehensive benefits for Hospital confinement, the service of medical Doctors and other health practitioners, ambulance services etc. In many cases, the benefits provided by these plans will pay all, or almost all, of the expenses you incur in your home province.

When you are outside your Province of residence and require these services, your Provincial Health Plan will usually make a payment towards your expenses but that payment is usually limited to the amount that would have been paid for the same services in the Province in which you reside. Unfortunately, there is often a tremendous difference between the cost of these services outside Province and the amounts allowed by your Health Plan, which you would have to pay were it not for this valuable benefit.

This Plan provides extensive coverage for many services rendered outside Province. It is important to note that such expenses are covered provided that they were unexpected and of an emergency nature. The Plan does not provide benefits for medical treatment if the purpose of your trip outside Province is to obtain that medical treatment.

How It Works

You are automatically covered under this plan, if you are an active Member of Water Polo Canada and under the age of 70.

Here's What You Get

Broad Emergency Out of Province Medical Coverage - Your plan provides extensive coverage for medical emergencies outside the Province in which you reside.

Guaranteed Acceptance - Coverage is provided regardless of your health history.

Beneficiary Designation

All amounts payable will be reimbursed to the individual who has paid the expense or will be paid directly to the provider.
