

Championship Tournament Policy – Financial Support

1. In the event that a WORA competitive team from the U14 to U19 age group advances to their respective championship level tournament, WORA will provide financial support. Championship tournaments fall into 2 events: Canadian Ringette Championships and the Eastern Canadian Ringette Championships.

2. WORA has established a standard amount of \$1,000 per team that qualifies for a championship event. WORA reserves the right to modify the assigned amount listed above based on the following:
 - a. the total amount of teams qualifying in a season;
 - b. the amount allocated within the budget;
 - c. the location of the city hosting the championship event; and
 - d. any other discretionary factor that is approved by the WORA executive.

3. WORA will cover ice costs for the same allocation of practices that the team had during the regular season prior to the respective championships.

4. The financial funding is to be included within the team budget as per the [West Ottawa Ringette Managers Manual](#) to support the players for any administrative costs associated with their entry into the championship tournament including, but not limited to: tournament entry fees, rental of team room for players, team meals for players, team wear for players, transportation of players to and from hotel to the rink, and any additional ice costs outside of the allocation identified in paragraph 3 that is covered by the WORA team.

5. Team managers must email their request for financial support submission to the WORA President, Vice-President, the Competitive Coordinator and the Treasurer with the Championship information.

This policy was approved by the Executive of the West Ottawa Ringette Association on April 9, 2019.
