

The new Female Skills Surge will be the largest skill-development event in the world! The OWSA and Hockey Canada invites all Canadians, including all hockey associations, communities, teams, families and everyone in between to host their own skills session anytime over World Girls' Hockey Weekend and join the festivities!

Going beyond the ice, Hockey Canada has prepared practice plans for the following components:

- ❖ On-ice session for various age groups
- ❖ Off-ice development for various age groups
- ❖ Floorball skills
- ❖ Ball hockey skills

To support those that decide to host a skills session, all practice plans and event details can be found on the [Hockey Canada Network app](#), right in the palm of your hand. The host of the event will download the app in order to access the information, and will receive push notification updates as World Girls' Hockey Weekend approaches.

Hockey Canada will track all registered events on an interactive map found on the World Girls' Hockey Weekend website. All hosts are encouraged to take part in social media throughout the weekend, sharing photos and videos of their event using the event hashtags: #WGIHW.

HOW DO YOU GET STARTED:

- ❖ Register your event at HockeyCanada.ca/WGHW.
- ❖ An email will be sent to the host with instructions to [download the Network app](#).
- ❖ 60-minute on- and off-ice practice plans will be listed for you to work from.
- ❖ Host will be invited to sign up for the 2018 WGHW Team on the app.
- ❖ Host will receive push notifications through the app leading into event.
- ❖ WGHW gifting will be shipped at least one week prior to event date.
