5) Round table Discussion/Questions

- Discussion on having new coaches attend player development sessions, this way they can see how the skills are being taught, this will hopefully give new coaches the confidence to start coaching as finding coaches for our U7 teams was difficult this year. Most new coaches are just unsure of where to start
- Will look into a coaches pitching instruction so that the message to all new young pitchers is consistent and as to not confuse them
- There was a request for catchers gloves in the U11 equipment bags- it was suggested to source used appropriate sized broken in gloves as opposed to brand new ones (which will never get broken in throughout a season and would take multiple years to break in.
- There were concerns about the U13B provincial team tryout occurring to late and needs to be sooner. Would suggest that as soon as teams are drafted a head coach is appointed and a tryout date is selected. This date will be dependent on league schedule as often game schedules are not obtained until mid April but we will do our best to organize and hold the tryout sooner.
