

Whitecourt Minor Ball House Team Selection Policy

The House League team selection and assignment will be follow this process:

1. All registered House League players will attend an assigned evaluation night where their skills will be assessed by evaluators and given an evaluation rating based on the skills demonstrated
2. The evaluation process is an important part of team selection in ensuring competitive games among the teams, if a player is unable to attend that player will receive an estimated rating from the division rep at WMBs discretion
3. WMB will use these ratings to assign players to a team ensuring that each team within a House division has an equal as possible total evaluated rating.
4. WMB will make every effort to ensure that siblings within the same division are assigned to the same team. Requests for player assignment outside of immediate family will not be considered by WMB
5. Coaches who are the parents of players will have their kids assigned to their team
