

U9 Yukon Championships Rules Package 2024

Yukon Hockey Association Yukon Championships, hosted by Whitehorse Minor Hockey Association

- Playing rules will comply with BC Hockey rules unless superseded by these written series rules.
- Tournament Organizer: Kimberly Peever– please let me know if you have any questions or concerns.
- Series Arbiter will be League President Jeremy Newbury

Game and Time Structure

This is a ten-team in two pools tournament.

Each team will have 4 round robin games. With each of the teams playing at least one extra game on Sunday. The schedule is found in this document and will be updated on the WMHA web site.

The goal is for fun hockey series environment and equal play for all!

All games are cross ice

Games:	Total Time	Warm Up	Periods	Period Break	Run Time	Shifts
ALL GAMES INCLUDING FINALS	45 mins	5 mins	2 x 19min	2 min	All periods	Buzzer every 3 minutes

Score clock, shift timing, and continuous play format will be followed as per regular season (there are no face-offs after a goal).

The final games will be set by organizers to achieve team parity for maximum fun - there are no final tournament placings in U9. **Final game match-ups will be posted after round robin match ups are completed.**

During all games, if a team is up by a margin, coaches should encourage players to pass more and spread out the scoring etc. Any dispute or challenge will be managed by the Series Arbiter, and the decision will be final.

Following each game, coaches will pick a player from their team who they feel most deserves the Heart and Hustle award. Tournament organizers should also be advised of H&H winner after each game. Each player will get a series medal (same for each) at the end of the tournament from their coaches.

Please note, **we will require assistance from coaches with the boards installations, moves and take downs on ATCO ice whenever there is a flood.** There is very limited time for floods and no room for schedule slippage, so we need many hands. A coach or two from each team that plays before/after a flood should assist.
