

North Winnipeg Minor Baseball Association

NWMBA A Coaching Philosophy

North Winnipeg is a very successful organization that has developed many talented baseball players. In an effort to provide an atmosphere of fun, team building and learning, Coaching Philosophies have been established. These guidelines related to Fair Play have been designed around the respective levels of baseball (A, AA, & AAA). Coaches will use these guidelines along with their instruction, to provide an atmosphere where all players will have equal opportunity. Coaches will make decisions that are good for the team and the organization.

NWMBA A Level Baseball Coaching Philosophy

- A level baseball is an environment for development and skill learning. Physical skills development, camaraderie, good sportsmanship, and team building are essential ingredients to a rewarding experience.
- Player development is reflective of Practice time. Missing practices affects development.
- Player positions will be determined by the Coaches during the season. This will be determined through practice, fitting the player in an area where they will succeed.
- A level players will have the opportunity to play a minimum of 2/3 of the available defensive innings of the regular season games and round robin portions of tournaments.
- It is expected that each player will give 100% at all times and in all situations.
- Baseball rules, set out by Manitoba Baseball, shall be followed accordingly.

I have read and agree with the above A level Coaching Philosophies.

Participants Creed

**Players play, coaches coach, Umpires umpire, and Parents cheer.
If you are trying to do more than one of these things at the same time,**

YOU may be a problem.
