

North Winnipeg Minor Baseball Coaching Recruitment

If you are a fun, hard-working and enthusiastic individual we have a summer job waiting for you. As we make preparations for this upcoming baseball season, **NWMBA** (North Winnipeg Minor Baseball Association) is recruiting coaches for all ages & levels of **AAA, AA & A** baseball. Coaching youth baseball can be an extremely rewarding opportunity and create lifelong lessons and relationships. Whether it's instructing the basics or fine tuning an advanced skillset, coaching can provide lasting satisfaction and memories for all involved.

If part of your summer can be spent instructing the youth of North Winnipeg in the great game of baseball, we're looking for you. We encourage you to apply for a coaching position. There are several ranging from Head Coach to Assistant, as well as team manager. All positions are extremely important to the development and future of our baseball players.

If cost is a concern, many Community Clubs may reimburse up to full clinic costs. Also, Sport Manitoba offers individual annual grants up to \$500 to be used for coaching certification associated costs.

If you feel you're ready to become a baseball coach, please visit: nwmba.ca and you can view and submit a completed application form outlining which age and level you'd like to work with. You may also view the **NCCP** (National Coaching Certification Program) website and the **MBA** (Baseball Manitoba) Coaching Certification chart in this section of the website. It outlines what online lessons or in-person clinics are required to coach at any age for AAA, AA & A youth baseball teams. If you have any questions, reach out to the AAA, AA or A Director via the North Winnipeg Minor Baseball Association website.

We look forward to hearing from you!
