

BASEBALL MANITOBA COVID-19 RETURN TO PLAY

HEALTH AND SAFETY COORDINATOR CHECKLIST: TRAINING

PRE-SEASON TASKS:

- Obtain the information package from your team's coach or association
- Liaise with your local association regarding the collection of supplies needed
- Ensure that you, or a defined alternate will attend each session
- In conjunction with the coach, use the parent meeting prior to the season to educate families of the Return to Play Guidelines.

TRAINING SESSION TASKS:

- Remind all participants at each session of the restrictions, such as:
 - Social Distancing
 - No sharing of equipment or personal items
 - No spitting, chewing gum, or eating sunflower seeds, etc.
 - No handshakes or high fives
 - No using saliva to moisten fingers
 - Take all garbage home with you
- Monitor arrival and departures to avoid large group gatherings
- Ensure that no more than 50 people attend each session
- Ensure signage is noticeable at the Ballpark. If there is not sufficient signage you package will have paper copies of signs that may be used for each session
- Ensure that all benches and bleachers are clearly marked for Social Distancing (6 ft)
- Ensure that Hand Sanitizer and Disinfecting Supplies are prepared and ready for use
- Ensure that only the scheduled team is using the facility
- Liaise with Ballpark Staff if present
- Supervise all Hand Sanitizing and equipment disinfecting
- In conjunction with the coaches, monitor participants adherence to the restrictions and ensure extra hand sanitizing is completed when necessary
- If any persons who are noticeably and consistently NOT following restrictions, ask them to leave the Ballpark immediately
- Ensure all baseballs and bases are disinfected after each session

Thank you for your dedication and cooperation. Have a great summer of baseball!
