

Andy Cameron is the full-time Technical Director at WCRFC. After 25 years of working with different soccer groups across the country, Andy, a “soccer lifer” is back on PEI working with Winsloe Charlottetown Royals FC players and coaches as the club’s full-time Technical Director.

Andy was born in Halifax, but raised on the South Shore of Nova Scotia and moved to PEI when he was 12 years old. He grew up playing soccer in the Charlottetown area, playing with the Colonel Gray Colonels and starring with the UPEI Panthers in their glory days of the mid 80’s. During this time, he was also a member of the National Team Olympic Program.

Andy started his coaching career with the UPEI Panthers in the late 80’s and has had University coaching stints with Memorial University, University of New Brunswick, and the University of North British Columbia. He has also coached Canada Games teams in 3 different provinces and has been on the coaching staff of various National Teams over the years.

Most recently Andy was the Technical Director for the South Shore District Soccer Association of Nova Scotia, where he oversaw the development of players and coaches for ten soccer clubs in the district. WCRFC is very excited to be able to bring Andy on as a full time Technical Director. “Being able to hire someone with Andy’s soccer knowledge and experience to work with our club is an amazing opportunity.” says Peter Howatt, president of WCRFC. Peter also stated, “The club feels that we already provide an excellent product to our members, but with the addition of Andy it should really take our programs to another level. It is rare for a club of our size to be able to get a full-time technical director, but it is something that has always been on our technical staff’s radar. We are really looking forward to seeing what Andy and our technical staff can do with the club over the next few years.”

Another group happy to see Andy returning to PEI is the PEI Soccer Association. “Anytime you can bring another quality soccer person to PEI to work with one of our clubs is a great thing.” says Jonathan Vos, Technical Director for PEI Soccer. “Andy has a wonderful soccer resume, he will be a great asset for coaches and players at every level, we are fortunate to have someone with his knowledge and experience in our soccer community.

Cameron returned to PEI in mid April and has been working with the WCRFC board, staff, and coaches to get players back on the fields and getting the most out of their soccer experience during the Covid pandemic. “This isn’t the start to my WCRFC career that I was expecting when I signed on, but I am very excited to be back to the Island and working with WCRFC. I’ve heard great things about what they have been doing with their soccer programs and am really happy with what I have seen so far. I look forward to seeing what improvements we can make together over the next few years.”
