

Winsloe Charlottetown Royals FC (the “Club”)

Player Call-Up Policy

Purpose

Whereas the PEI Soccer Association Call-Up Procedure Policy provides that each club shall determine its own internal communication process for call-ups, this policy sets out the internal call-up communication process of the Club.

Call-Up Communication and Authorization

In the circumstances where a team (“Requesting Team”) wishes to call-up a member or members who are listed on the roster of another team (“Other Team”), the coach, assistant coach or manager of the Requesting Team shall contact the head coach of the Other Team to discuss the request prior to contacting any members directly. In considering the request, the head coach of the Other Team shall consider the best interests, health and safety, development, and availability of the member or members requested to be called-up to the Requesting Team, the best interests of the Club, and the best interests of both teams. No request shall be unreasonably denied.

Should the Requesting Team consider that the Other Team is unreasonably withholding consent for a member or members to be called up to the Requesting Team, the Requesting Team shall request that the Club’s Technical Director speak with the coach(es) of both teams to attempt to reach a consensus decision. In the absence of a consensus decision, the player or players shall not be called up to the Requesting Team.

Effective June 26, 2021
