

COVID Screening Information

Effective Sept 13, 2021

The Township of Zorra has implemented a QR code screening assessment at each facility. All visitors to the facility will be asked to provide a positive result to staff at the entrance of each building.

QR CODE

Access to the screening tool can be obtained by scanning the QR code with your phone:

iPhones iOS: open the Camera and hover the phone over the image. A notification will appear, open the link provided.

Android OS: Some phones will scan the QR Code via the camera. Other phones will require an app to be downloaded prior to scanning the code. Follow the instructions for your chosen app to access the screening tool.

WEBSITE

You can log into the web address:

https://qr.groundlevelinsights.com/qrForm/template/3664?fbclid=IwAR0JHKfN1UedYyQ-HU9MCLKYuA_tRFdCeNYMAS8aVwKE5h-Dlo_hwmZqUIs

PRESENT SUCCESSFUL SCREEN:

Once the questions have been answered, show your positive result to the facility staff at the door:

OTHER NOTES:

- The positive result screen should be valid within two hours of your arrival to the facility.
- One screening can be completed for each Household.
- You may use your phone to complete a screening on behalf of member of another household if they are not able to complete it on their own.
- If you do not have a phone, you will be able to complete the screening at the facility with their available devices.
