

Water Polo Saskatchewan – Summer Clinic Information Sheet 2021

Every year Water Polo Saskatchewan is excited to offer summer clinics to young athletes all across the province! These clinics are a great way for kids to get active and to learn about the sport of water polo. Water polo offers athletes the opportunity to be a member of a team, gain confidence in the water, and develop healthy habits that last a lifetime.

DETAILS:

Time: Scheduling July/August; 1-hour sessions.

We are currently scheduling clinics for the months of July and August this summer. These clinics are offered in a 1-hour session, however, we are more than happy to provide longer/multiple sessions.

A typical clinic layout:

- Learning about the rules of the game
- 15 min warm up +drills
- 15 passing drills
- 15 min shooting drills
- Scrimmage! (Or other games as to maintain appropriate physical distance)

Cost: \$50 (\$350 fee upfront, with \$300 MAP grant available)

This year there is an increase in the grant funds available to you through MAP, so the cost of the clinic would be just \$50 for the 1-hour session. We require the \$350 clinic fee prior to the clinic, with the grant funds becoming available to you 1-2 weeks after payment is made.

Who can attend:

Our clinics cater to all ages/experience levels.

We provide the coaches, equipment and whatever else is necessary. All that you would have to provide is the facility and collect registrations. (We will provide a digital poster detailing the event and a registration sheet.)

Acknowledging that water polo is a contact sport and that there are current participant numbers/distancing restrictions currently in place, we would like to assure you that the health and safety of our athletes at the upmost importance. We are following all Saskatchewan Health Authority Sports and Activity Guidelines in regards to COVID-19 safe sport practices.
