

2023-2024 Season

# WATER POLO SASKATCHEWAN

## SENIOR TEAM FUNDRAISING

## ABOUT WATER POLO SASKATCHEWAN (WPS)

WPS is the provincial sports organization for water polo in Saskatchewan, developing elite athletes who train and compete at the highest level within the province, country, and internationally.

Team Sask has won many national championships in the National Championship League, including our recent victory at the Senior Women's National Championships in 2022. Along with championship titles we have also earned national recognition for our recreational and competitive developmental programs.

WPS is one of the top water polo clubs in Canada and we continue to grow every year.

## WHY SPONSOR?

When water polo athletes age out of the youth programs in Sask, they are forced to turn to out-of-province opportunities in order to afford their studies and continue their water polo career at a high level.

Team sponsorships enable athletes to stay in our organization while studying, raising the competition and training level within Saskatchewan while eliminating a significant financial barrier. The National Championship League requires out-of-province travel, and these funds would cover travel expenses for athletes.

At a deeper level, retaining these athletes in the province will improve our programs at every level by employing experienced players as coaches and officials.
