

ADP Report, Jan 5, 2017

Met with ADP Committee Dec 12, 2016. There have been few disciplinary issues to deal with.

Working on a Pilot 'Adult Come-Try Ringette' program. (attached)
It is up to each ADP Committee Member to find a target Area in their Region. I am considering Chatham-Kent as I can work easily in my Community and an interest has already been offered. I will update when things are planned.

The OAIC Tournament is being held in Oshawa, April 7-9,. There are 2 more weeks before the Registration Deadline. (Message attached)

There are currently 27 teams registered.

I sent messages out to all SWIRL and non-SWIRL teams encouraging them to register for OAIC instead of Regionals. I have had mixed response as more SW teams prefer the travel to London. This is yet to be determined if there will be an Open Division offered at Regionals.

I have had 3 late registrations and I have 2 TRF Adjustment Forms in the process of approval.

I have completed re-seeding for the second half of the Season and am notify the teams involved and all Tournament Hosts.

Thus ends the ADP report.

Cheers!
